FEAR ATTACK ON VERA CRUZ

Mexican Federals Apparently Preparing to Strike Under General Maas

GEN. FUNSTON HAS BUT 7000 TROOPS AT SEAPORT

400 American Refugees Leave Mexico City—Huerta Not Ill as Reported

VERA CRUZ, May 4.—Five hundred Mexican federals are encamped twenty-six miles from Vera Cruz, guarding both routes to Mexico City; 5000 men under Geo. Maas are at Soledad, 500 at Jalapa, and 1500 at Palma. People here are fearing that the skirmish at the water works on Saturday evening heralds an attack on this city where as a point of fact Gen. Funston is able to assemble but 7000 regulars and marines.

MAAS MAY ATTACK TO FURTHER HUERTA'S PLANS

By William G. Shepherd

VERA CRUZ, May 4.—Many here believe that General Maas is actually preparing to attack the city, despite the protection offered the American occupants by guns of the fleet. Mexican activity on Saturday night in connection with the attack on the water works is attributed to Huerta's determination to focus popular feeling against the Americans. The mediation action has given the opposition to Huerta an opportunity to crystalize. The dictator believed that a renewal of actual fighting with the Americans might tend to solidify the Mexican factions again. With this end in view many believe he will try to force an engagement of some sort as speedily as possible.

News has leaked out that the reason for Foreign Minister Rojas' resignation was the failure of Archbishop Mora to persuade Huerta to resign.

400 REFUGEES LEAVE MEXICO CITY TODAY

MEXICO CITY, May 4.—Four hundred more American refugees were scheduled to start today for Puerto, Mexico, where Admiral Badger has ships ready to take them aboard.

Reports that Huerta's health is failing and that he is on the verge of a collapse are untrue. He is active and alert and constantly in touch with the situation. Officials here are reticent as to mediation efforts. Minister of the Interior Alcocer said that all peace proposals will be received through the proper channels and considered on their merits. This is the only forthcoming official statement.

It was learned today that the rebel chieftains Lechuga and Cabanzo had surrendered to Huerta.

It was announced yesterday that the United States cruiser Raleigh had encountered the Mexican gunboat Morelos near Topolobampo and put her out of commission.

'MONTANA' BEARS SAILOR DEAD HOMEWARD

(By Bernard Rucker)

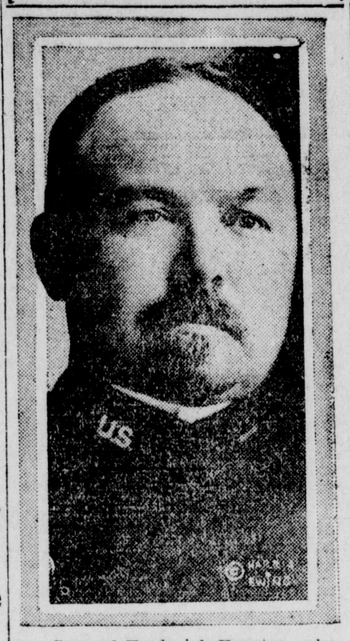

ABOARD CRUISER MONTANA (by wireless), May 4.—With flags at half mast, the cruiser Montana is steaming homeward today with the bodies of the American marines and bluejackets who fell at the occupation of Vera Cruz. There is little gaiety aboard and indications are that the voyage will be quiet throughout. The bodies of the dead lie in seventeen lead caskets on the forward deck, all draped with American flags.

At present indications the ship will reach New York on Saturday about noon. A guard of honor is continually about the caskets. As they passed through the warships' lines in the harbor at Vera Cruz all the sailors stood at attention, flags were dipped and all foreign ships saluted.

PRESIDENT SEEKS TO PAY LAST HONORS TO DEAD

WASHINGTON, May 4.—It was announced today that President Wilson will make an effort to go personally to Brooklyn Navy Yard when the funeral ship Montana arrives Saturday to do last honors to the Americans killed during the American occupation of Vera Cruz.

General Frederick Funston in Control at Vera Cruz

General Frederick Funston, who won fame in the Spanish war, is in command at Vera Cruz of the troops of the United States army, having taken the control of Vera Cruz off the hands of the marines and officers of the navy. These troops were shipped on transports from Galveston.

DEBATE ON FREE TOLLS REPEAL OPENED

Townsend Interjects Scathing Arraignment of Wilson's Mexican Policy

SAYS MONROE POLICY HAS BEEN WEAKENED

Says War With Huerta Will Discredit the Pages of American History

WASHINGTON, May 4.—The debate on the resolution providing for the repeal of the exemption clause of the Panama Canal Tolls bill began today in the senate. The indications are that the final vote will be delayed for several weeks. Senator Townsend of Michigan opened the debate, attacking the repeal. He said:

"I will not vote for my government, to be guilty of perfidy and dishonor, in order to obtain the approval of the sefish shipping interests of a foreign nation."

Townsend drifted into a bitter arraignment of President Wilson's attitude on the Mexican situation, and closed with a discussion of the diplomatic history of the canal negotiations, attempting to show that the exemption of American coastwise ships from tolls does not constitute a violation of either the letter of the spirit of treaty.

SCORES PRESIDENT FOR HIS POLICY IN MEXICO AFFAIRS

Referring to the Mexican situation the senator said: "Out of our Mexican relations no possible credit or honor can come to our country. The war between Huerta and the United States will be recorded in history as having originated for an unjustifiable stated cause. Was it Cato, the Roman orator, who had such hatred for Carthage that he closed every speech with 'Carthage must be destroyed?' Our President has assumed a similar attitude toward Huerta. He might, however, enter into armed intervention with Mexico and every patriotic American will follow the commander-in-chief whether right of wrong, in this instance.

'Huerta probably will be destroyed, and to accomplish this destruction, thousands of America's best boys, and Mexico's guiltless sons may die."

Townsend continued: "This action may not determine whether we, reverting to the tolls question, shall continue to settle for ourselves matters affecting our domestic affairs and our national honor, and whether, right or wrong, we shall at the behest of the President, no matter how sincere, repudiate our past and weaken the Monroe doctrine under which the democratization of the western continent has been possible and with no new reason except that the President has made demand."

He warned that if in the course of the debate President Wilson shall be criticized, he can not justly complain.

BRISTOW, O'GORMAN AND BORAH, WEEK'S SPEAKERS

Wednesday Senator Bristow of Kansas, a member of the committee that has charge of the bill, will also address the senate in opposition to the bill.

The great speech of the week will be that of Senator O'Gorman, chairman of the committee, which is to be delivered Thursday or Friday. Senator O'Gorman has been the aggressive leader of the opposition to the President's policy, characterized by Majority Leader Oscar Underwood in the house as "the un-American policy of surrender."

He will discuss the question from the legal, public interest and the economic points of view, and his argument will form the text of many speeches that will follow and will give the friends of repeal some hard nuts to crack.

Senator Borah said today that he would address the senate on his resolution to postpone all action on the pending bill until the next session of congress.

ARE ANXIOUS TO PAVE EAST FIRST

Committee Appointed at Meeting Saturday Night to Meet With Council

MAY COME TO AN AGREEMENT TONIGHT

East First People Want to Pave 20-Foot Strip in Center

Property owners on East First street, between the Santa Fe tracks and the east city limits are anxious to get operations under way which will result in the paving of the street. Saturday night a meeting of property owners on East First was held at the home of Mrs. M. A. Menges. A committee was appointed, consisting of George Smith, F. M. Grigsby and A. E. Bennett. This committee will meet with the city council tonight in order to determine whether the council and property owners can come to an agreement in regard to the paving.

The property owners are desirous of paving a twenty-foot strip in the center of First street, leaving the balance to be paved by the city.

A. E. Bennett said today that the East First street residents are very anxious to start proceedings as it is expected that the State Highwey will begin paving, starting at the east end of First, in the near future. Property owners would like the work on First, inside the city limits, completed on or about the time when the highway work is done.

ITALIAN PRESS PRAISES U. S. COURSE

Lauds Monroe Doctrine—Declares World Owes Constitutional Government to U. S.

ROME, May 4.—The Giornale d'Italia published a long editorial yesterday couched in terms favorable to the course of the United States in the Mexican situation. The purpose of the article is to remove misapprehension concerning the attitude of the United States, and to emphasize the sympathy of the northern republic for her South American sisters "who would almost certainly have perished in the hour of their birth without this sympathy, which has continued uninterrupted one hundred years."

Continuing, the Giornale says:

"Far from America having been aggressive toward the republics of the south, her conduct has been consistently the opposite."

The paper then cites the example of Cuba and says that the Monroe Doctrine, formulated originally for the salvation of the South American republics, has been maintained for the same motive. The Mexican government has benefited under this doctrine, and without American sympathy Porifirio Diaz might never have sat in the presidential chair.

"They may overthrow the statue of George Washington from its pedestal in Mexico City," the paper continues, "but without Washington there probably would be no constitutional government in the world and certainly none in Mexico. America stood for equal representation of the Latin republics at The Hague, and she invited Mexico to the third peace conference there. No two men living have rendered greater personal service toward peace than President Wilson and Secretary Bryan."

SAN JOAQUIN VALLEY STRONG FOR JOHNSON

Voters of all Political Faiths Show Support of the Present State Administration

FRESNO, May 4.—The tour of Governor Johnson and John M. Eshleman through the San Joaquin Valley last week brought to light the fact that the present state administration is to be supported, in this valley at least, by Republicans, Democrats, Progressives and Socialists alike, without reference to partisan lines.

The appearance of voters of all political faiths on reception committees and as vice-presidents at the meetings, served to show to some extent the unanimity of feeling, but more striking than anything else was the general response to the invitations to join Johnson-Eshleman clubs, in the various towns.

Visalia furnished the best example of the non-partisan support that is being given the administration. There are just 137 registered Progressives in the City of Visalia, but there were 287 who joined the Johnson-Eshleman Club at that meeting.

In Bakersfield Republicans, Democrats and Socialists were on the platform as vice-presidents and the same was true in Merced. At Merced the names of the vice-presidents were read from the platform.

The surprises of the week were furnished in the communities where enthusasm for the administration was least expected. At Bakersfield, both Governor Johnson and Eshleman were tendered ovations and at Merced they were again given ovations. In Madera, Governor Johnson spoke to an enthusiastic audience of more than 700, at 1 o'clock in the afternoon. Capacity houses greeted him at Visalia and Hanford.

Highway Statement

In Visalia and Hanford, considerable criticism was heard of the routing of the state highway down the trough of the San Joaquin Valley, and in these places, Governor Johnson told the voters that the highway commission had voted in an impartial manner, after careful investigation and that if there was any criticism, it should be directed against him as he was responsible for the commission and its actions. In view of the fact that the decision had been made with impartiality, the governor told the people of these two towns that he had no apologies to offer.

In both these places, his statement, assuming entire responsibility for the routing, won for him a great deal of applause and after each meeting it was learned that he too had won many friends.

"If the people of these sections are to forget all the good that has been done by the present administration, because of one act that may or may not have been a mistake, we cannot do anything to prevent it," said the governor.

In connection with complaints that have been made from other parts of the state, regarding minor matters, Eshleman prepared an apt epigram which he used freely in the valley tour.

"If you do something for a man he soon forgets, but if you do something to a man, he never forgets," he said.

Compensation Talk

The governor's explanation of the Workmen's Compensation Act also turned to him many who before had been in doubt. At all of the valley meetings there were many who did not understand the act and who listened to Governor Johnson solely for the purpose of hearing him outline the purposes of the law.

Following the meeting in Hanford, an old man who had lost a leg and been otherwise maimed so that he was unable to do any further work, approached the governor with tears streaming down his fact and thanked him for the enactment of this great piece of legislation.

"I lost this two years ago, before the law went into effect," he said, pointing to his missing limb, "and was cast out without support." He then told the governor to some extent of his efforts to get compensation and of his inability to do so.

At the conclusion of their tour, in Merced on Friday night, both the Progressive leaders expressed themselves as highly pleased with the receptions that had been accorded them in the San Joaquin Valley towns.

MEDIATION PLANS MAY CEASE IF MAAS KEEPS UP ATTACKS

BY JOHN N. NEVIN.

WASHINGTON, May 4.—Mediation proceedings between the United States and Mexico will be discontinued immediately unless Mexican Federal General Maas' hostile movements in the Vera Cruz zone cease. It was stated today on administration authority that the general staff had completed plans for reinforcing the American troops at Vera Cruz. Transports at Galveston have been ordered reprovisioned.

MEXICAN CONFEREES ARE NAMED TODAY

WASHINGTON, May 4.—Spanish Ambassador Riano notified Bryan that Emilio Rabaza, a prominent jurist, and Augustine Carra Calindo, under secretary of the department of justice, have been chosen to represent Huerta in the mediation negotiations. The American conferees have not been named. The mediators held a session today. They officially confirmed the report that Carranza has refused to agree to an amistice.

FEDERALS TRIED TO DESTROY VERA CRUZ WATER WORKS

A detachment of several hundred Mexican federal soldiers advanced yesterday on the waterworks outside of Vera Cruz and made an attempt to destroy the water supply of the city. A report to this effect reached the war department late Saturday.

A report from Gen. Funston Saturday night said a few scattered shots had been fired at the American troops guarding the water works outside Vera Cruz, but no one was killed or injured. Reinforcements reached the scene, but were not needed, and later returned.

PANAMA CANAL TO OPEN FOR COMMERCE

May 10 Date Announced in in Order for Opening—Sugar Barges to Make Passage

PANAMA, May 4.—The canal will be open to commerce on May 10, according to an order just issued. The interruption to the Tehuantepec railway, which has resulted in increasing freight traffic across the isthmus, is the reason for the change of plans.

The steamship Columbia of the Hawaiian-American line, which arrived at Balboa Friday from Salina Cruz with a cargo of sugar, will pass through the canal on the 10th followed by the Dacotan of the same company which also has a cargo. The cargoes will be placed on barges and towed through. Arrangements for the barge line already are under way. The regular toll is $1.20 a ton on the cargo, plus the charge for tug service.

PIER BURNED AT MANZANILLO MEXICO

Refugees Fleeing by Hundreds from Port—Mexicans Fear Bombardment

SAN DIEGO, May 4.—The following wireless message from Charles H. Raymond, United Press correspondent for the Pacific fleet in Mexican waters, received today from the cruiser California: "Pier at Manzanillo has been burned. Refugees are leaving that port by the hundreds. The local papers say Admiral Howard will give forty-eight hours' notice before opening fire. An editorial in the Mazatlan daily paper states that the rebels will join the federals against the Americans. The South Dakota is at Acapulco, the Maryland at Manzanillo, and the California is here."

The exact position of the California is unknown here, but the operators at the wireless station believe it is at Guaymas, although other messages indicate that it is possibly at Mazatlan.

MAY IMPEACH COLORADO'S GOVERNOR

Special Session of Legislature Opens to Consider Coal Strike Situation

MUST MEET EXPENSE STATE MILITIA SERVICE

Counter Charges of Conspiracy and Murder by Owners and Miners

DENVER, May 4.—The state legislature met today in special session, opening at noon, to consider an appropriation to meet the deficit resulting from state militia service in the coal strike fields. A compulsory arbitration measure, a bill establishing a state constabulary, and another regulating the operations of the mine guards will be considered.

ATTEMPT TO BE MADE TO IMPEACH GOV. AMMONS

It seemed today practically certain that a resolution for the impeachment of Governor Ammons will be introduced. The governor is confident it will fail.

The mine owners are threatening to prosecute labor leaders on murder or conspiracy charge in connection with the fatalities at Forbes, where seven mine guards were slain. Attorney Hawkins for the strikers replied that he will retailiate in such event by swearing out warrants that will charge John D. Rockefeller, Junior, with murder and conspiracy in connection with the deaths of the strikers at Ludlow and other places.

EMBARGO ON ARMS IS DECLARED IN COLORADO

TRINIDAD, Colo., May 4.—Major W. A. Holbrook, in command of the federal troops in Colorado, yesterday placed an embargo upon the importation of arms or ammunition into the state. He announced that any arms shipped in violation of theorder would be confiscated.

MINERS TO SURRENDER ARMS AND AMMUNITION

WALSENBURG, Colo., May 4.—United Mine Workers officials announced this afternoon that all arms and ammunition in the possession of the strikers in Huerfano county will be surrengered to the regulars on Wednesday.

PICKETING OF STANDARD OIL OFFICES CONTINUED

NEW YORK, May 4.—The picketing of Standard Oil offices continued today. Rockefeller's secretary announced that he plans no efforts to prevent the parades. Upton Sinclair, wearing crepe, was in the parade today. He said he will ask Socialists in other cities where Standard Oil branches are situated, to picket them also, and keep their headquarters draped in black until the Colorado strike shall have been settled.

AUSTRIA STILL ALARMED OVER ILLNESS OF RULER

VIENNA, May 4.—Emperor Francis Joseph's condition today is satisfactory, according to an official bulletin which stated that he had had a severe fit of coughing but had improved. The public continues to feel alarmed over his condition.

AMERICANS WARNED TO QUIT MEXICO CITY

MEXICO CITY, May 4.—Another warning was received yesterday by the Brazilian minister from Consul William W. Canada at Vera Cruz, who advised the remaining Americans in the federal capital to leave without delay. The minister told the Associated Press that General Huerta had given orders for the necessary arrangements to be made and the train would leave this city for Coatzacoalcos at 6 o'clock this evening. It will carry the requisite number of sleeping cars for women and children and run under the protection of the Brazilian flag and with an adequate military escort to guard the passengers.

"The Brazilian consul and vice-consul will accompany the train on behalf of the Brazilian legation."

Rumors as to the ill health of Provisional President Huerta were apparently unfounded as he took his usual walk yesterday morning and later appeared in a prominent restaurant. Whenever he was recognized on the streets he was cheered. The general feeling here in regard to the mediation conference is pessimistic.

Saturday night a meeting of property owners on East First was held at the home of Mrs. M. A. Menges. A committee was appointed, consisting of George Smith, F. M. Grigsby and A. E. Bennett. This committee will meet with the city council tonight in order to determine whether the council and property owners can come to an agreement in regard to the paving.

The property owners are desirous of paving a twenty-foot strip in the center of First street, leaving the balance to be paved by the city.

A. E. Bennett said today that the East First street residents are very anxious to start proceedings as it is expected that the State Highway will begin paving, starting at the east end of First, in the near future. Property owners would like the work on First, inside the city limits, completed on or about the time when the highway work is done.

ITALIAN PRESS PRAISES U. S. COURSE

Lauds Monroe Doctrine—Declares World Owes Constitutional Government to U. S.

ROME, May 4.—The Giornale d'Italia published a long editorial yesterday couched in terms favorable to the course of the United States in the Mexican situation. The purpose of the article is to remove misapprehension concerning the attitude of the United States, and to emphasize the sympathy of the northern republic for her South American sisters "who would almost certainly have perished in the hour of their birth without this sympathy, which has continued uninterrupted one hundred years."

Continuing, the Giornale says:

"Far from America having been aggressive toward the republics of the south, her conduct has been consistently the opposite."

The paper then cites the example of Cuba and says that the Monroe Doctrine, formulated originally for the salvation of the South American republics, has been maintained for the same motive. The Mexican government has benefited under this doctrine, and without American sympathy Porifirio Diaz might never have sat in the presidential chair.

"They may overthrow the statue of George Washington from its pedestal in Mexico City," the paper continues, "but without Washington there probably would be no constitutional government in the world and certainly none in Mexico. America stood for equal representation of the Latin republics at The Hague, and she invited Mexico to the third peace conference there. No two men living have rendered greater personal service toward peace than President Wilson and Secretary Bryan."

HOPE FOR MME. NORDICA HAS BEEN ABANDONED

WASHINGTON, May 4.—A telegram received at the State Department yesterday from B. S. Rariden, United States consul at Batavia, Java, says the condition of Mme. Nordica is believed to be hopeless.

TORNADO KILLS MAN IN MONMOUTH, ILLINOIS

MONMOUTH, Ill., May 3.—A tornado swept through northeast Warren county yesterday, killing John Filler of Alexis in the home of his son near Little York. The house was lifted from its foundations.

SAN JOAQUIN VALLEY STRONG FOR JOHNSON

Voters of all Political Faiths Show Support of the Present State Administration

FRESNO, May 4.—The tour of Governor Johnson and John M. Eshleman through the San Joaquin Valley last week brought to light the fact that the present state administration is to be supported, in this valley at least, by Republicans, Democrats, Progressives and Socialists alike, without reference to partisan lines.

The appearance of voters of all political faiths on reception committees and as vice-presidents at the meetings served to show to some extent the unanimity of feeling, but more striking than anything else was the general response to the invitations to join Johnson-Eshleman clubs, in the various towns.

Visalia furnished the best example of the non-partisan support that is being given the administration. There are just 137 registered Progressives in the City of Visalia, but there were 287 who joined the Johnson-Eshleman Club at that meeting.

In Bakersfield Republicans, Democrats and Socialists were on the platform as vice-presidents and the same was true in Merced. At Merced the names of the vice-presidents were read from the platform.

The surprises of the week were furnished in the communities where enthusasm for the administration was least expected. At Bakersfield, both Governor Johnson and Eshleman were tendered ovations and at Merced they were again given ovations. In Madera, Governor Johnson spoke to an enthusiastic audience of more than 700, at 1 o'clock in the afternoon. Capacity houses greeted him at Visalia and Hanford.

Highway Statement

In Visalia and Hanford, considerable criticism was heard of the routing of the state highway down the trough of the San Joaquin Valley, and in these places, Governor Johnson told the voters that the highway commission had voted in an impartial manner, after careful investigation and that if there was any criticism, it should be directed against him as he was responsible for the commission and its actions. In view of the fact that the decision had been made with impartiality, the governor told the people of these two towns that he had no apologies to offer.

In both these places, his statement, assuming entire responsibility for the routing, won for him a great deal of applause and after each meeting it was learned that he too had won many friends.

"If the people of these sections are to forget all the good that has been done by the present administration, because of one act that may or may not have been a mistake, we cannot do anything to prevent it," said the governor.

In connection with complaints that have been made from other parts of the state, regarding minor matters, Eshleman prepared an apt epigram which he used freely in the valley tour.

"If you do something for a man he soon forgets, but if you do something to a man, he never forgets," he said.

Compensation Talk

The governor's explanation of the Workmen's Compensation Act also turned to him many who before had been in doubt. At all of the valley meetings there were many who did not understand the act and who listened to Governor Johnson solely for the purpose of hearing him outline the purposes of the law.

Following the meeting in Hanford, an old man who had lost a leg and been otherwise maimed so that he was unable to do any further work, approached the governor with tears streaming down his fact and thanked him for the enactment of this great piece of legislation.

"I lost this two years ago, before the law went into effect," he said, pointing to his missing limb, "and was cast out without support." He then told the governor to some extent of his efforts to get compensation and of his inability to do so.

At the conclusion of their tour, in Merced on Friday night, both the Progressive leaders expressed themselves as highly pleased with the receptions that had been accorded them in the San Joaquin Valley towns.

MEDIATION PLANS MAY CEASE IF MAAS KEEPS UP ATTACKS

BY JOHN N. NEVIN.

WASHINGTON, May 4.—Mediation proceedings between the United States and Mexico will be discontinued immediately unless Mexican Federal General Maas' hostile movements in the Vera Cruz zone cease. It was stated today on administration authority that the general staff had completed plans for reinforcing the American troops at Vera Cruz. Transports at Galveston have been ordered reprovisioned.

MEXICAN CONFEREES ARE NAMED TODAY

WASHINGTON, May 4.—Spanish Ambassador Riano notified Bryan that Emilio Rabaza, a prominent jurist, and Augustine Carra Calindo, under secretary of the department of justice, have been chosen to represent Huerta in the mediation negotiations. The American conferees have not been named. The mediators held a session today. They officially confirmed the report that Carranza has refused to agree to an amistice.

FEDERALS TRIED TO DESTROY VERA CRUZ WATER WORKS

A detachment of several hundred Mexican federal soldiers advanced yesterday on the waterworks outside of Vera Cruz and made an attempt to destroy the water supply of the city. A report to this effect reached the war department late Saturday.

A report from Gen. Funston Saturday night said a few scattered shots had been fired at the American troops guarding the water works outside Vera Cruz, but no one was killed or injured. Reinforcements reached the scene, but were not needed, and later returned.

PANAMA CANAL TO OPEN FOR COMMERCE

May 10 Date Announced in in Order for Opening—Sugar Barges to Make Passage

PANAMA, May 4.—The canal will be open to commerce on May 10, according to an order just issued. The interruption to the Tehuantepec railway, which has resulted in increasing freight traffic across the isthmus, is the reason for the change of plans.

The steamship Columbia of the Hawaiian-American line, which arrived at Balboa Friday from Salina Cruz with a cargo of sugar, will pass through the canal on the 10th followed by the Dacotan of the same company which also has a cargo. The cargoes will be placed on barges and towed through. Arrangements for the barge line already are under way. The regular toll is $1.20 a ton on the cargo plus the charge for tug service.

PIER BURNED AT MANZANILLO MEXICO

Refugees Fleeing by Hundreds from Port—Mexicans Fear Bombardment

SAN DIEGO, May 4.—The following wireless message from Charles H. Raymond, United Press correspondent for the Pacific fleet in Mexican waters, received today from the cruiser California: "Pier at Manzanillo has been burned. Refugees are leaving that port by the hundreds. The local papers say Admiral Howard will give forty-eight hours' notice before opening fire. An editorial in the Mazatlan daily paper states that the rebels will join the federals against the Americans. The South Dakota is at Acapulco, the Maryland at Manzanillo, and the California is here."

The exact position of the California is unknown here, but the operators at the wireless station believe it is at Guaymas, although other messages indicate that it is possibly at Mazatlan.

MAY IMPEACH COLORADO'S GOVERNOR

Special Session of Legislature Opens to Consider Coal Strike Situation

MUST MEET EXPENSE STATE MILITIA SERVICE

Counter Charges of Conspiracy and Murder by Owners and Miners

DENVER, May 4.—The state legislature met today in special session, opening at noon, to consider an appropriation to meet the deficit resulting from state militia service in the coal strike fields. A compulsory arbitration measure, a bill establishing a state constabulary, and another regulating the operations of the mine guards will be considered.

ATTEMPT TO BE MADE TO IMPEACH GOV. AMMONS

It seemed today practically certain that a resolution for the impeachment of Governor Ammons will be introduced. The governor is confident it will fail.

The mine owners are threatening to prosecute labor leaders on murder or conspiracy charge in connection with the fatalities at Forbes, where seven mine guards were slain. Attorney Hawkins for the strikers replied that he will retailiate in such event by swearing out warrants that will charge John D. Rockefeller, Junior, with murder and conspiracy in connection with the deaths of the strikers at Ludlow and other places.

EMBARGO ON ARMS IS DECLARED IN COLORADO

TRINIDAD, Colo., May 4.—Major W. A. Holbrook, in command of the federal troops in Colorado, yesterday placed an embargo upon the importation of arms or ammunition into the state. He announced that any arms shipped in violation of theorder would be confiscated.

MINERS TO SURRENDER ARMS AND AMMUNITION

WALSENBURG, Colo., May 4.—United Mine Workers officials announced this afternoon that all arms and ammunition in the possession of the strikers in Huerfano county will be surrengered to the regulars on Wednesday.

PICKETING OF STANDARD OIL OFFICES CONTINUED

NEW YORK, May 4.—The picketing of Standard Oil offices continued today. Rockefeller's secretary announced that he plans no efforts to prevent the parades. Upton Sinclair, wearing crepe, was in the parade today. He said he will ask Socialists in other cities where Standard Oil branches are situated, to picket them also, and keep their headquarters draped in black until the Colorado strike shall have been settled.

AUSTRIA STILL ALARMED OVER ILLNESS OF RULER

VIENNA, May 4.—Emperor Francis Joseph's condition today is satisfactory, according to an official bulletin which stated that he had had a severe fit of coughing but had improved. The public continues to feel alarmed over his condition.

AMERICANS WARNED TO QUIT MEXICO CITY

MEXICO CITY, May 4.—Another warning was received yesterday by the Brazilian minister from Consul William W. Canada at Vera Cruz, who advised the remaining Americans in the federal capital to leave without delay. The minister told the Associated Press that General Huerta had given orders for the necessary arrangements to be made and the train would leave this city for Coatzacoalcos at 6 o'clock this evening. It will carry the requisite number of sleeping cars for women and children and run under the protection of the Brazilian flag and with an adequate military escort to guard the passengers.

"The Brazilian consul and vice-consul will accompany the train on behalf of the Brazilian legation."

Rumors as to the ill health of Provisional President Huerta were apparently unfounded as he took his usual walk yesterday morning and later appeared in a prominent restaurant. Whenever he was recognized on the streets he was cheered. The general feeling here in regard to the mediation conference is pessimistic.

COOPERS SELL ALEXANDRIA PARLORS

L. C. Miller of Long Beach is New Owner of Popular Resort

Cooper brothers have sold out their interest in the Alexandria billiard parlors, 416 North Main street, to L. C. Miller of Long Beach. Mr. Miller, who took charge of the property today, has had a great deal of experience in conducting billiard parlors and is certain to keep up the high standard set by the former proprietors.

The Cooper brothers have made a host of friends since they have been in possession of the Alexandria. Their departure from Santa Ana will be a source of regret to their friends and acquaintances. Frank Cooper, after a short visit with his family at Monrovia, will join his brother Victor at Phoenix, Ariz.

Dan C. Voorhees, who negotiated the sale, returns to Los Angeles to take up another business proposition. In Mr. Voorhees Santa Ana loses one of the best, if not the best, billiard players who ever played here. Mr. Voorhees has made some remarkably high runs since his connection with the Alexandria and his kindness in explaining difficult shots to beginners won him many friends who will greatly regret his leaving.

Mr. Miller will continue to conduct the Alexandria under that name.

A CITY BEAUTIFUL CAMPAIGN STARTS

Orange News: The City Beautiful committee is to hold a meeting at Campbell's opera house Tuesday evening of next week for the purpose of effecting permanent organization.

Some weeks ago an organization committee was appointed at a mass meeting with instructions to prepare a report. This report will be presented Tuesday evening in the form of a constitution and by-laws which the meeting will be asked to act upon.

The meeting will discuss the work that presents itself to a City Beautiful committee and will name the permanent officers for the organization.

The original call for a meeting to organize such a committee was signed by sixty persons. Since the matter has been under discussion much interest in the movement has been manifested; so that the meeting on Tuesday evening should be well attended.

All people interested in the betterment of conditions in the city and in making Orange attractive to the army of tourists in California next year are urged to be present at this meeting.

New Pipe Line

The John T. Carpenter Water Company directors met this morning and authorized the construction of a pipe line on Alameda street. The line is to be about 2,000 feet in length and will probably be a 10-inch line.

The company is now engaged in putting down a new well, which probably will not be put on the pump this year, as the water will not be needed this summer. The well, however, will be ready should the need arise. It is planned to use an 18-inch casing and put the well down about 460 feet.

Contract Let

N. U. Potter has been awarded the contract for the Smith & Grote building, which, it is stated, will be completed in about 90 days.

The fronts, roof, painting and tiling work has been reserved out of the main contract. The cost of the building, when entirely finished, will run, it is stated, between $25,000 and $27,000.

It is stated by the owners that practically all of the space in the building has been leased or is being negotiated for at the present time. The building when completed, will be creditable to the town and will add much to the business district.

Commission Decisions

Of considerable interest to employers and attorneys in the state comes the announcement from the Industrial Accident Commission of San Francisco that it is to issue its decisions under the Workmen's Compensation Act in the form of printed bulletins. The charge for this service will be $1.00 per year. The bulletins will contain the full and correct report of all of the decisions handed down by the Commission.

BASEBALL

SATURDAY AND SUNDAY WERE OFF DAYS FOR LOCAL TEAMS

Moose Club's Costly Errors Make L. A. Railways 5-4 Winners

Santa Ana's ball fans certainly witnessed a genuine baseball game yesterday afternoon when a team composed of Los Angeles railway employes crossed bats with the local Moose team. Both teams were evenly matched and aside from a few out-of-the-way pegs and close decisions, which are common with all ball games, the crowd could not have asked for anything better.

There was the long and short of it when it came to comparing the opposing slab artists, Grimes being the "Mutt" and Brown the "Jeff." This difference in height had nothing to do whatsoever, with the twisters and slants which they threw over the plate, for the two could not have been more evenly matched. Two things which go to prove this are the facts that not one man walked during the game and of the seventeen hits made all were singles.

Brown's twisters took good effect right at the start, the railway men going out one, two, three, until in the third inning after he had already sent two men to the bench Brown thought he'd give Grimes a chance. Grimes accepted and rapped a hot liner to right field for a single. Guthrie thought he would try the same stunt, so connected with the same kind for a single to right center, advancing Grimes to second but Freeman got wild with his throw in to Shultz and Grimes hustled home. Guthrie, on first, decided to do a little running and raced clear around to home when he was only entitled to two bases, according to the ground rules. Quite a little argument came up over this trick, but finally Captain Luxembourger decided to pas sit up and let both runs count. Brown didn't like the way things were going so just naturally tossed three over and asked Woods to go back to the bench.

Brown noticed that "Laughing Bill" was in the bleachers rooting for him so tightened up and with his armorplated infield kept the carmen from getting to first until in the seventh when Stadelli stepped in frout of a swift one and was awarded one base. After Reifer had struck out Stradelli changed cars for second base, but not liking this location, came home when Echebarne landed o single just outside the infield on the left side. Shubert repeated the stunt to center field, advancing Echebarne to the keystone bag. Grimes found another of Brownie's swift ones and grounded a single to the right garden, Echebarne going home and Shubert to third. When Guthrie popped a little fly towards second Duhart and Walters, who were both trying to lay hands on it, ran into each other and Shubert beat it for home, making the fifth and last run for the railway bunch. Grimes died on third and Guthrie on second when Woods walked right up and turned right aroung and walked right back again. This ended the exciting things for the car boys, for Brown got tighter than ever and certainly fooled Grimes when he swung his bat high in the air tnree times in succession trying to touch Brown's low drops.

The Moose End of It

Santa Ana was unable to get anybody across the plate until the fifth inning, when Pete West rolled one down the third base line for a hit and when Grimes made a wild heave to first, Pete jogged on to second. On a wild pitch by Grimes West continued to third. Stradelli, of the railway men, expecting Dubois to bunt, played in close to the plate, but Dubois flew one over Stradelli's head, bringing West in for the first run. Duhart made a sacrifice strike-out, when Shubert dropped the ball but got it to first in time to send Pete back to the bench. With Dubois on second Freeman flew a single to center field, scoring Dubois. Walters out, one, two, three.

In the sixth inning Luxembourger got to first an a wild peg by Stradelli, stole second and when Kyle muffed the ball went on to third. McGaffey singled to right field, scoring Luxembourger. Brown singled to right field, but was left on the base when West struck out and Dubois flew out to Stradelli.

Grimes tightened up and the Moose were unable to connect until the ninth inning, when Kyle fumbled a hot grounder of Duhart's, who rambled on to second. Shubert made a wild peg to second and Duhart darted to third and on Freeman's single to center field came home, making the total for the Moose of four runs.

The locals will cross bats with the Silverwoods, of Los Angeles, this coming Sunday. Manager Deck is making arrangements to erect more bleachers this week.

Poly Lost First of Champ Series at Orange; Score, Four to One

The Polytechnic baseball team returned from Orange Saturday afternoon with the wrong end of the score to their credit. Feeling a little blue as they did they tried to forget the defeat by reminding themselves that they still have two chances to win the county championship. Next Saturday they are to meet Orange on the Poly grounds and if they turn the tables on Orange, which they intend to do, then a third game is to be played on neutral grounds to play off the tie and decide the championship.

When Umpire Brunton called "play ball" at 2:30 the Orange High School grounds were almost completely surrounded by spectators in automobiles and carriages besides those who were in the bleachers. One thing that cheered the baseball boys up was the fact that over three-fourths of the crowd were from Santa Ana, not only from the school but also several business men.

Both the Orange and Polytechnic teams played fast and steady ball throughout the game. Neither team was able to shove a man across the plate till the fourth inning when Lush, the Orange heaver, was awarded a base on balls. Thompson, the next man up, landed the first ball thrown into deep left field for a two-bagger and advancing Lush to the third sack. Potter repeated the act, scoring Lush and Thompson. Duhart now tightened up a bit and after sending Wallace to the bench by the one, two, three route, Brown got busy with his peg to Carver, retiring Potter who was trying to steal third. With two out and no one on bases Duhart decided to give Adams the same medicine that Wallace got.

The Santa Ana boys failed to do anything startling in the fifth but when Watson came to bat for Orange he rolled the pellet to right field for a single and afterwards landed safe on second base because Brown tossed the bll a little high for Cannon to reach. Murray struck out and R. Mitchell, who decided to let brother Bill do it, aeroplaned to Cannon for the second out. W. Mitchell followed with a single to center field, scoring Watson and after getting to second, when Snow muffled the ball, he was finally retired by the Duhart to Snow to Carver to Snow route.

With two out in the sixth Carillo rapped the horsehide for a single to center and while Lush was tapping his foot on the slab he beat it to the keystone sack. Irvine rolled the pill to Lush, who made a perfect throw to first, but Adams was asleep and let the ball roll past; Irvine safe and Carillo on third. After Adams had recovered the ball Carrillo darted for home, scoring Santa Ana's only run when Watson muffled Adams' throw. Carver knocked a hot grounder to R. Mitchell, who chose to stop Irvine by tossing the ball to Thompson. This ended things for the Poly boys for they failed to get any farther than first base the rest of the game.

Duhart, who had wrenched his back the forepart of the week, now complained of his back hurting and asked Coach Ratcliffe to put in another pitcher, but thinking that Duhart was joking, the coach urged him to finish out the game. By making the change the local boys might have prevented the Orange aggregation from getting any more runs and might have made a few more themselves.

In their half of the sixth Orange failed to connect with any of Duhart's twisters but in the seventh frame with two men out Murray with a hard swing on the bat landed the ball in a shed at the rear of the grounds, getting to third before Elliott and Morrison could pick it out of a manger in said shed. While Duhart was throwing balls at Mitchell, Brown let one slip by and Murray came home for Orange's fourth and last run. Mitchell walked and stole second but no farther, for brother Bill couldn't connect this time.

Captain Carver of Santa Ana was by far the star of the game, especially so in the eighth inning when Potter rolled one straight to him he pegged to Brown catching Lush before he could touch the the plate. Then again with three men on bases he stopped a hot grounder hit by Wallace, ran Thompson out on the way home, then immediately circled towards the second sack to repeat the act with Wallace, who was beating the path that way. He almost had Wallace when he tossed the ball to Snow, who was covering the sack, but Snow had to spoil the stunt by dropping the ball. Adams repeated the act of his proceeding team-mates by rolling the pellet to Carver, who pegged to Carillo with the result that Orange was retired for the rest of the game.

The mainstay of the Orange team was their southpaw slab artist who certainly had some very nice control. The Polytechnic boys said "Isen Ga-Bibble," we will show them a southpaw when they come to visit us next Saturday.

EAT LESS AND TAKE SALTS FOR KIDNEYS

Take a Glass of Salts if Your Back Hurts or Bladder Bothers

The American men and women must guard constantly against Kidney trouble, because we eat too much and all our food is rich. Our blood is filled with uric acid which the kidneys strive to filter out, they weaken from overwork, become sluggish; the eliminative tissues clog and the result is kidney trouble, bladder weakness and a general decline in health.

When your kidneys feel like lumps of lead; your back hurts or the urine is cloudy, full of sediment or you are obliged to seek relief two or three times during the night; if you suffer with sick headache or dizzy, nervous spells, acid stomach, or you have rheumatism when the weather is bad, get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate clogged kidneys; to neutralize the acids in the urine so it no longer is a source of irritation, thus ending bladder disorders.

Jad Salts is inexpensive; cannot injure, makes a delightful effervescent lithia-water beverage, and belongs in every home, because nobody can make a mistake by having a good kidney flushing any time.—Advertisement.

A LITERARY WEST

Fresno Republican: The sale of the Sunset Magazine, just announced, by the Southern Pacific Railroad Company, to the former business manager of the publication, is promise of a new and wider and possibly much different sphere of influence for this best known of Pacific Coast monthlies. This is said with all due credit to the Southern Pacific, which has, in a business way, done much through the Sunset not only to advance its own business interests and the incidental advantages of the coast, but has unselfishly given opportunity to promote the general literary opportunities of the Pacific shore.

If, however, the new management of the Sunset will exhibit that rare combination—business acumen and artistic interest in the opportunity presented—the Sunset may with profit seize this time to lead forward in a new literary era for the West. With the holding of the Panama Pacific exposition, California can begin to throw off the last of its provincialism. Of course this does not mean that it will become like the east. It will merely cease, finally, to apologize for being the West. With the exposition we will have acquired a world poise, a knowledge that not only have we future opportunity but present attainment; in other language, that the rest of the country "has nothing on us." It is not enough to have this feeling expressed in personal ideals. It must be given literary expression, and we will look to the newer Sunset to furnish the expression.

In a literary way we have about drained the dregs of the past. What there was in the Spanish Missions has been fully brought out. Virtually nothing is left to us of those days except our system of geographical names. The best to be written about the pioneer days was contemporary, and with the loss of Bret Harte and Mark Twain and the first generation of their imitators, we can assume that the days of Forty-Nine make a classic. Few of the pioneers are left with us, and upon their money and their vigorous traditions their sons and daughters are building up a newer and let us hope as interesting and even more fruitful world for us to live in.

Expression was given to the days of the dons and the missions, the mines and the argonauts, the great areas of plains with waving grain and bands of cattle and wild horses, by the old Overland Monthly and a host of other publications that rose and fell, rose because of the enthusiasm born of Eastern education and Western opportunity, and fell because of lack of business sense enough to keep up with the times. Now in this newer California we will have a hard time keeping ahead of Eastern appreciation. New York publications are reaching out for the newer San Francisco, which is neither a Spanish village nor a mining camp; for Los Angeles which is not a pueblo but an American city by the western sea. The East appreciates these things and we ourselves should the more, because they are our own. Instead of thinking of ourselves as "pioneers," we must become all of us "native sons," whether by birth or adoption.

We now have the literary material available. Formerly there were the mountains, the plains and the sea, the ever blue sky and the perfume laden breeze. But now we have the loves and hates, the knowledge and the misunderstandings, the despairs and hopes of several million people, all Californians. We do not need distance to lend a charm to these things. A gala day in Fresno can as well give the color to a plot as the mad revel of Marseilles of a pulsing journey over the Rivera. This is the opportunity for the man who can make the Sunset grow with California.

CO-OPERATION

There ought to be close co-operation between every city and the outlying country. The centers of population of a county should contribute willingly for good schools and good roads for the country, and in this county the cities have always been to the front in this respect. People who live on the farms in this section have these and other essentials of modern civilization. The feeling of our ranchers toward the cities is praiseworthy. The nearby town is the sure and profitable market for the products of the farms. When farmers send money away to distant mail order houses, they strike a blow at the town that buys their own products. The distant mail order house never uses any of our ranchers' products.

AMBASSADOR HERRICK TO RUN FOR SENATOR

COLUMBUS, O., May 4.—Myron T. Herrick, ambassador to France and former governor of Ohio, is to seek the Republican nomination for United States senator to succeed Theodore Burton, according to announcement made here by his supporters.

Former Senator Joseph Benson Foraker, who already has his hat in the ring, refuses to comment on the situation, but political leaders say his prospects of securing the nomination have been given a rude jolt.

OUR WEEKLY SERMON

Preached by Rev. E. J. Inwood at First Methodist Episcopal Church, Sunday Morning, May 3, 1914, on "The Potter and the Clay."

"The Potter and the Clay"

In Isaiah 64:8 we read "We are the clary, Thou art our Potter, we are the work of Thy hand." The sacred writer, in these words, refers to an art most ancient and general. The potter's wheel is one of the oldest mechanical appliances in existence. I know of no illustration which could better set forth that entire surrender and complete submission to God which is both the highest privilege and duty of every follower of Jesus Christ. We are clay, God is the Potter. First notice the material mentioned, "clay." The first thought that suggests itself with reference to it is that it is very unpromising material. It has neither beauty, nor fragrance, nor symmetry. It does not even possess the quality of rarity, for it is one of the most common of substances. As we look at it we would never suppose it was designed for high or honorable uses. But the potter does not feel that way. He thinks of its possibilities. He sees beyond the cold, inanimate clay, devoid of all attractiveness, "a thing of beauty and a joy forever." What a striking simile of human nature! How unpromising man is before he is touched by the Great Potter! "Only an animal," some say; and there is so much that is earthly and sensual in us that no wonder men speak thus. But the Great Potter does not think so. He attaches to us the highest possible value. He looks at us, not in the light of what we are so much, as what we may be; not what others see in us, but what He can make of us. He saw the highest possibilities of saintship in Mary Magdelene, He saw a noble confessor in the thief on the cross, He saw the greatest missionary of the ages in a bloodthirsty Saul of Tarsus. He sees the same in the drunkard and outcast today. Men scorn them and condemn them as worthless, but Jesus Christ does not. A business man said to his friend: "Talk about saving men! As I walk the streets of Boston I do not see more than one man in ten worth saving." Jesus Christ never spoke thus. He admits men's guilt and depravity, but beyond it all He sees the great possibilities open to every soul, and He longs to make them all they may be. Is not that the precious truth of this message of today?

"There's a wideness in God's mercy
Like the wideness of the sea.
There is welcome for the sinner,
And more graces for the good,
There is mercy with the Savior,
There is healing in His blood."

A man said to his preacher, "I want you to explain to me the mystery of the choice of Judas. Why did Christ bear with Judas for three years?" And the preacher replied, "My friend, I haven't had any time to think about Judas, for I am overwhelmed with the mystery of Christ's choice for me, and why He bears with me. That is a greater mystery to me than His attitude toward Judas."

There is a deep mystery here, for if we had been dealing with any other but God we should have been cast off long ago.

What is the difference between a beautiful vase and a lump of clay? I answer it, it is not one of nature but of process. The vase is clay, but it is clay which has passed through a series of processes, and by them made all it is. Clay left to itself would never be anything but clay. The glory belongs to the process and potter. So every Christ-illumined, Christ-transformed, Christ-possessed saint was once a poor lost sinner. That was what led the apostle to say: "By the grace of God I am what I am."

Consider the process which thus transforms the clay. First, the potter must get possession of it. He can do nothing without this. His skill to transform, His beauty of design, all wait on his getting possession of the clay. So, all the blessedness of the cross to transform and save waits on us. Christ's saintly purpose and mighty power are as though they were not until He gets possession of us. Notice again, the potter chooses designs. He says what the clay shall become, whether large or small, useful or ornamental. So Christ must choose what we are to be. He knows best, and His designs are best.

Another feature of the process is its being submitted to the fire. After the vessel is made it is put into a hot furnace. I have read that the first firing for shape is for fifty hours, the second for glaze is for twenty-four hours, the third for color is for four hours. The clay goes into the fire as often as there are colors requiring different temperatures. The more beauty the more fire. Do you not see the application? Have we not here light upon these inexplicable and seemingly untoward providences of life? The prospective view is different from the retrospective. The vase looking back sees the purpose of the rough handling which shaped it, and the fierce fire which scorched it. So, by and by, we shall learn the meaning of loss, and pain and trial. "Then above the rest this note shall swell,
My Jesus hath done all things well."

17-YEAR-OLD BOY ON TRIAL FOR MURDER

HERKIMER, N. Y., May 4.—Jean Gianini, 17 years old, today went to trial on a charge of brutally attacking and then murdering Miss Lydia Beecher.

On the morning of March 28, last, searching parties found the body of the pretty Poland school teacher in a clump of bushes just off the roadway near her home. The body was badly mutilated and showed evidence of criminal attack. The police were certain that revenge was the motive. The afternoon of the finding of the body the Gianini boy was arrested. He stoutly maintained his innocence When strong circumstantial evidence confronted him, however, he calmly admitted the crime. He has never once expressed regret, nor does he appear to be in the least concerned over his position. His lawyers will plead insanity for their client.

FLESH OF ARM IS GRAFTED ON EYELID

BALTIMORE, Md., May 4.—A remarkable operation was performed here at the Presbyterian Eye, Ear and Throat Hospital, when three pieces of skin were taken from the arm of Miss Ruth Tregoe and grafted as lids for her left eye.

When fourteen years old she fell into an open fireplace and for the past thirty-six years she had been minus the lids, thus disfiguring her face.

The operation, it is believed, will be successful.

POMONA REAPS GOLDEN HARVEST FROM ORANGES

POMONA, May 4.—With approximately a million and three quarters dollars' worth of oranges still on the trees in the districts known as the Pomona Valley, this section is still to reap a golden harvest under market conditions more favorable than at any time this year.

It is estimated that there are about 2000 carloads of fruit still to be shipped from this section and the value mentioned is based on what is considered a fair average price for this month.

ANSWER THE CALL

Santa Ana People Have Found That This is Necessary

A cold, a strain, a sudden wrench. A little cause may hurt the kidneys. Spells of backache often follow, or some irregularity of the urine.

A splendid remedy for such attacks, a medicine that has satisfied thousands, is Doan's Kidney Pills, a special kidney remedy.

Many Santa Ana people rely on it. Here is Santa Ana proof.

S. H. Whitehead, 607 W. First St., Santa Ana, Cal., says: "For several years I had pain and weakness in my back. Lifting or the least exertion caused me to suffer. If I took cold, I was almost disabled by a distressing pain in my back. I had much trouble with the kidney secretions, too. Sometimes they passed too frequently, then again the flow was scanty and painful. I could see a change for the better after I had taken a few doses of Doan's Kidney Pills. It wasn't long before all the ailments were relieved. It has been a long time since I have had any further need of Doan's Kidney Pills. I am in good shape now and am just as strong a believer in Doan's Kidney Pills as I was when I publicly endorsed them several years ago."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Whitehead had. Foster-Milburn Co., Props., Buffalo, N. Y.

The general committee is headed by Lloyd C. Griscom of New York, and includes James A. Farrell, president of the United States Steel Corporation, and others.

WOMEN AS RECRUITERS FOR ARMY ARE WELCOMED

LONDON, May 4.—Although Great Britain is not yet ready to give women a voice in the government, the war office authorities are not at all backward in accepting their services in persuading young men to enlist in the regular army.

A novel recruiting campaign was begun today in the London borough of Camberwell in which 300 women and girls of that section are playing leading roles. They are distributing from house to house an attractively printed and illustrated pamphlet drawing attention to the delights of army life. There are 27,000 houses in the borough, and before the week is out it is planned to place a copy of the publication in the hands of every man in the place. Besides the women have agreed to do all they can in a personal way to procure enlistments. In order to stimulate the recruiting the war office has arranged for daily parades and drills of various branches of the service in the streets, and the display of the army moving picture film in the local picture palaces.

The Camberwell plan will be followed in other London boroughs and provincial towns if it proves a success there. The War Office has been frankly worried of late on account of the remarkable falling off of enlistments in recent months and the increasing number of desertions.

COOPERS SELL ALEXANDRIA PARLORS

L. C. Miller of Long Beach is New Owner of Popular Resort

Cooper brothers have sold out their interest in the Alexandria billiard parlors, 416 North Main street, to L. C. Miller of Long Beach. Mr. Miller, who took charge of the property today, has had a great deal of experience in conducting billiard parlors and is certain to keep up the high standard set by the former proprietors.

The Cooper brothers have made a host of friends since they have been in possession of the Alexandria. Their departure from Santa Ana will be a source of regret to their friends and acquaintances. Frank Cooper, after a short visit with his family at Monrovia, will join his brother Victor at Phoenix, Ariz.

Dan C. Voorhees, who negotiated the sale, returns to Los Angeles to take up another business proposition. In Mr. Voorhees Santa Ana loses one of the best, if not the best, billiard players who ever played here. Mr. Voorhees has made some remarkably high runs since his connection with the Alexandria and his kindness in explaining difficult shots to beginners won him many friends who will greatly regret his leaving.

Mr. Miller will continue to conduct the Alexandria under that name.

A CITY BEAUTIFUL CAMPAIGN STARTS

Orange News: The City Beautiful committee is to hold a meeting at Campbell's opera house Tuesday evening of next week for the purpose of effecting permanent organization.

Some weeks ago an organization committee was appointed at a mass meeting with instructions to prepare a report. This report will be presented Tuesday evening in the form of a constitution and by-laws which the meeting will be asked to act upon.

The meeting will discuss the work that presents itself to a City Beautiful committee and will name the permanent officers for the organization.

The original call for a meeting to organize such a committee was signed by sixty persons. Since the matter has been under discussion much interest in the movement has been manifested; so that the meeting on Tuesday evening should be well attended.

All people interested in the betterment of conditions in the city and in making Orange attractive to the army of tourists in California next year are urged to be present at this meeting.

New Pipe Line

The John T. Carpenter Water Company directors met this morning and authorized the construction of a pipe line on Alameda street. The line is to be about 2,000 feet in length and will probably be a 10-inch line.

The company is now engaged in putting down a new well, which probably will not be put on the pump this year, as the water will not be needed this summer. The well, however, will be ready should the need arise. It is planned to use an 18-inch casing and put the well down about 460 feet.

Contract Let

N. U. Potter has been awarded the contract for the Smith & Grote building, which, it is stated, will be completed in about 90 days.

The fronts, roof, painting and tiling work has been reserved out of the main contract. The cost of the building, when entirely finished, will run, it is stated, between $25,000 and $27,000.

It is stated by the owners that practically all of the space in the building has been leased or is being negotiated for at the present time. The building when completed, will be creditable to the town and will add much to the business district.

Commission Decisions

Of considerable interest to employers and attorneys in the state comes the announcement from the Industrial Accident Commission of San Francisco that it is to issue its decisions under the Workmen's Compensation Act in the form of printed bulletins. The charge for this service will be $1.00 per year. The bulletins will contain the full and correct report of all of the decisions handed down by the Commission.

BASEBALL

SATURDAY AND SUNDAY WERE OFF DAYS FOR LOCAL TEAMS

Moose Club's Costly Errors Make L. A. Railways 5-4 Winners

Santa Ana's ball fans certainly witnessed a genuine baseball game yesterday afternoon when a team composed of Los Angeles railway employes crossed bats with the local Moose team. Both teams were evenly matched and aside from a few out-of-the-way pegs and close decisions, which are common with all ball games, the crowd could not have asked for anything better.

There was the long and short of it when it came to comparing the opposing slab artists, Grimes being the "Mutt" and Brown the "Jeff." This difference in height had nothing to do whatsoever, with the twisters and slants which they threw over the plate, for the two could not have been more evenly matched. Two things which go to prove this are the facts that not one man walked during the game and of the seventeen hits made all were singles.

Brown's twisters took good effect right at the start, the railway men going out one, two, three, until in the third inning after he had already sent two men to the bench Brown thought he'd give Grimes a chance. Grimes accepted and rapped a hot liner to right field for a single. Guthrie thought he would try the same stunt, so connected with the same kind for a single to right center, advancing Grimes to second but Freeman got wild with his throw in to Shultz and Grimes hustled home. Guthrie, on first, decided to do a little running and raced clear around to home when he was only entitled to two bases, according to the ground rules. Quite a little argument came up over this trick, but finally Captain Luxembourger decided to pas sit up and let both runs count. Brown didn't like the way things were going so just naturally tossed three over and asked Woods to go back to the bench.

Brown noticed that "Laughing Bill" was in the bleachers rooting for him so tightened up and with his armor-plated infield kept the carmen from getting to first until in the seventh when Stadelli stepped in frout of a swift one and was awarded one base. After Reifer had struck out Stradelli changed cars for second base, but not liking this location, came home when Echebarne landed o single just outside the infield on the left side. Shubert repeated the stunt to center field, advancing Echebarne to the keystone bag. Grimes found another of Brownie's swift ones and grounded a single to the right garden, Echebarne going home and Shubert to third. When Guthrie popped a little fly towards second Duhart and Walters, who were both trying to lay hands on it, ran into each other and Shubert beat it for home, making the fifth and last run for the railway bunch. Grimes died on third and Guthrie on second when Woods walked right up and turned right aroung and walked right back again. This ended the exciting things for the car boys, for Brown got tighter than ever and certainly fooled Grimes when he swung his bat high in the air taree times in succession trying to touch Brown's low drops.

The Moose End of It

Santa Ana was unable to get anybody across the plate until the fifth inning, when Pete West rolled one down the third base line for a hit and when Grimes made a wild heave to first, Pete jogged on to second. On a wild pitch by Grimes West continued to third. Stradelli, of the railway men, expecting Dubois to bunt, played in close to the plate, but Dubois flew one over Stradelli's head, bringing West in for the first run. Duhart made a sacrifice strike-out, when Shubert dropped the ball but got it to first in time to send Pete back to the bench. With Dubois on second Freeman flew a single to center field, scoring Dubois. Walters out, one, two, three.

In the sixth inning Luxembourger got to first an a wild peg by Stradelli, stole second and when Kyle muffed the ball went on to third. McGaffey singled to right field, scoring Luxembourger. Brown singled to right field, but was left on the base when West struck out and Dubois flew out to Stradelli.

Grimes tightened up and the Moose were unable to connect until the ninth inning, when Kyle fumbled a hot grounder of Duhart's, who rambled on to second. Shubert made a wild peg to second and Duhart darted to third and on Freeman's single to center field came home, making the total for the Moose of four runs.

The locals will cross bats with the Silverwoods, of Los Angeles, this coming Sunday. Manager Deck is making arrangements to erect more bleachers this week.

Poly Lost First of Champ Series at Orange; Score, Four to One

The Polytechnic baseball team returned from Orange Saturday afternoon with the wrong end of the score to their credit. Feeling a little blue as they did they tried to forget the defeat by reminding themselves that they still have two chances to win the county championship. Next Saturday they are to meet Orange on the Poly grounds and if they turn the tables on Orange, which they intend to do, then a third game is to be played on neutral grounds to play off the tie and decide the championship.

When Umpire Brunton called "play ball" at 2:30 the Orange High School grounds were almost completely surrounded by spectators in automobiles and carriages besides those who were in the bleachers. One thing that cheered the baseball boys up was the fact that over three-fourths of the crowd were from Santa Ana, not only from the school but also several business men.

Both the Orange and Polytechnic teams played fast and steady ball throughout the game. Neither team was able to shove a man across the plate till the fourth inning when Lush, the Orange heaver, was awarded a base on balls. Thompson, the next man up, landed the first ball thrown into deep left field for a two-bagger and advancing Lush to the third sack. Potter repeated the act, scoring Lush and Thompson. Duhart now tightened up a bit and after sending Wallace to the bench by the one, two, three route, Brown got busy with his peg to Carver, retiring Potter who was trying to steal third. With two out and no one on bases Duhart decided to give Adams the same medicine that Wallace got.

The Santa Ana boys failed to do anything startling in the fifth but when Watson came to bat for Orange he rolled the pellet to right field for a single and afterwards landed safe on second base because Brown tossed the ball a little high for Cannon to reach. Murray struck out and R. Mitchell, who decided to let brother Bill do it, aeroplaned to Cannon for the second out. W. Mitchell followed with a single to center field, scoring Watson and after getting to second, when Snow muffled the ball, he was finally retired by the Duhart to Snow to Carver to Snow route.

With two out in the sixth Carillo rapped the horsehide for a single to center and while Lush was tapping his foot on the slab he beat it to the keystone sack. Irvine rolled the pill to Lush, who made a perfect throw to first, but Adams was asleep and let the ball roll past; Irvine safe and Carillo on third. After Adams had recovered the ball Carrillo darted for home, scoring Santa Ana's only run when Watson muffled Adams' throw. Carver knocked a hot grounder to R. Mitchell, who chose to stop Irvine by tossing the ball to Thompson. This ended things for the Poly boys for they failed to get any farther than first base the rest of the game.

Duhart, who had wrenched his back the forepart of the week, now complained of his back hurting and asked Coach Ratcliffe to put in another pitcher, but thinking that Duhart was joking, the coach urged him to finish out the game. By making the change the local boys might have prevented the Orange aggregation from getting any more runs and might have made a few more themselves.

In their half of the sixth Orange failed to connect with any of Duhart's twisters but in the seventh frame with two men out Murray with a hard swing on the bat landed the ball in a shed at the rear of the grounds, getting to third before Elliott and Morrison could pick it out of a manger in said shed. While Duhart was throwing balls at Mitchell, Brown let one slip by and Murray came home for Orange's fourth and last run. Mitchell walked and stole second but no farther, for brother Bill couldn't connect this time.

Captain Carver of Santa Ana was by far the star of the game, especially so in the eighth inning when Potter rolled one straight to him he pegged to Brown catching Lush before he could touch the the plate. Then again with three men on bases he stopped a hot grounder hit by Wallace, ran Thompson out on the way home, then immediately circled towards the second sack to repeat the act with Wallace, who was beating the path that way. He almost had Wallace when he tossed the ball to Snow, who was covering the sack, but Snow had to spoil the stunt by dropping the ball. Adams repeated the act of his proceeding team-mates by rolling the pellet to Carver, who pegged to Carillo with the result that Orange was retired for the rest of the game.

The mainstay of the Orange team was their southpaw slab artist who certainly had some very nice control. The Polytechnic boys said "Isen Ga-Bibble," we will show them a southpaw when they come to visit us next Saturday.

EAT LESS AND TAKE SALTS FOR KIDNEYS

Take a Glass of Salts if Your Back Hurts or Bladder Bothers

The American men and women must guard constantly against Kidney trouble, because we eat too much and all our food is rich. Our blood is filled with uric acid which the kidneys strive to filter out, they weaken from overwork, become sluggish; the eliminative tissues clog and the result is kidney trouble, bladder weakness and a general decline in health.

When your kidneys feel like lumps of lead; your back hurts or the urine is cloudy, full of sediment or you are obliged to seek relief two or three times during the night; if you suffer with sick headache or dizzy, nervous spells, acid stomach, or you have rheumatism when the weather is bad, get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate clogged kidneys; to neutralize the acids in the urine so it no longer is a source of irritation, thus ending bladder disorders.

Jad Salts is inexpensive; cannot injure, makes a delightful effervescent lithia-water beverage, and belongs in every home, because nobody can make a mistake by having a good kidney flushing any time.—Advertisement.

DEVINE-WALTON NUPTIALS

Charming Santa Ana Girl Weds Prosperous Business Man of Orange

One of the prettiest of the early summer weddings was that of Miss Ethyl Walton, eldest daughter of Mr. and Mrs. J. W. Walton of West Pine street, and a very charming and accomplished young lady, and Mr. Thomas J. Devine, a prosperous young business man of Orange, which was solemnized Saturday afternoon at 2 o'clock at the residence of the bride's parents.

The house was very beautifully and artistically adorned for the happy occasion, many new and original ideas in decorations being put into effect. Pink and white roses and delicate green ferns were used in exuberant plenty throughout the entire house.

The bridal party stood under an arch of ferns and white roses from which was suspended a large wedding bell fashioned of the choicest of white roses and delicate ferns. The lines of the impressive wedding ceremony were pronounced by Rev. G. W. Riggs of Los Angeles. The bride was strikingly handsome in a costume of pale blue crepe de chine richly trimmed in fine white lace. She carried a bouquet of spicy white carnations tied with blue ribbon and was unattended. The groom wore the conventional black.

Beautiful gifts of cut glass, silverware and china were received. Following congratulations a three course luncheon was served in the dining room where pink and white roses and long sprays of daintily trailing ferns made a pleasing combination in table decorations.

The bride then donned a blue going away gown with accessories to match and the young couple motored to Balboa where they took a car for Los Angeles, from where they will visit other beach points. Of course the auto had been previously garnished with old shoes and appropriate signs.

Mr. and Mrs. Devine will be at home to their many friends at 402 Chapman street, Orange, after May 8th. The out of town guests were Mrs. C. R. Henderson of Bakersfield, Mr. W. B. Lockett of Villa Park, Mr. and Mrs. J. B. Lockett, Mr. and Mrs. R. L. Tedford, Miss Ruth Armstrong, Mr Will Armstrong, Mr. and Mrs. W. L. Walton, Mr. and Mrs. R. M. Walton, all of Old Newport, Mrs. Zetta Monroe and sons Joe and Otis, Mrs. Sarah Meadow, Mrs. M. E. Lockett and Miss Irene Ashley of Santa Ana.

Hostess to Sunday School Class

Mrs. Carl O. Mansur recently entertained her Sunday school class of the First Baptist church at 206 East Washington avenue. The spacious rooms were very prettily and simply decorated throughout the entire house. After games had been played, refreshments consisting of ice cream, cake and candy were served by the hostess. The members of the Sunday school class returned to their homes after an enjoyable evening with the pleasant invitation from their teacher and hostess: "Be sure and be at Sunday school on Sunday morning."

CONVENTION WAS FINE

Club Women of Santa Ana Are Enthusiastic Over Late Federation Meet

The Santa Ana clubwomen who attended the state convention of the Federation of Woman's Clubs held in Riverside last week, have returned home highly delighted with the convention, which was the largest and most successful ever held by the Federation. Delegates to the number of 383 were in attendance, and the convention worked harmoniously towards the object of achieving essentials and eliminating the little things that so often retard important matters.

Mrs. A. J. Lawton, president of Santa Ana Ebell, and president of the Southern District, returning last evening from Los Angeles where she spent the Sunday following the convention's close at Riverside, is enthusiastic over the convention. She said. "Not only was the convention well planned but it was united in its aims and action, dwelling on vital matters and the best way of achieving them. Enthusiasm and efficiency were marked characteristics of the clubwomen attending.

"Not only was the convention of the most admirable character, but the entertainment afforded by Riverside was the finest that has been given by any city where the Federation of Woman's Clubs has met. Every detail of hospitality was perfect, all of Riverside joining in making the social features of the convention most delightful.

"In addition to all the rest, Redlands, Colton and San Bernardino united in an interesting automobile ride for the hundred or more of the delegates who could remain over Saturday afternoon. During the ride the ladies stopped at the club house in each of the cities mentioned."

One of the pleasant social features in which Mrs. S. M. Davis of this city figured prominently was the "Down and Out" Club dinner enjoyed on Friday evening in the refectory of the Mission Inn at Riverside by ninety-one prominent clubwomen. Mrs. Davis, with Mrs. Ella Westland of Upland and Mrs. Andrew W. Francisco of Los Angeles, arranged the dinner and the toasts program for which Mrs. Russell J. Waters of Los Angeles was toastmistress. After the delightful dinner and its feast of 'reason and flow of soul," officers were chosen with Mrs. Davis being elected as treasurer of the club.

A Jolly Evening

A fine time was experienced on Friday night by those present at the D. E. Ford home on Edinger street, with Helena and Ray Ford as host and hostess.

The house was very attractively decorated with roses and myrtle. The same pretty arrangement of flowers was carried out in the different rooms of the house. The time was spent very enjoyably with music, games and readings. Delicious refreshments were served by Mrs. Ford and Helen with a few more jolly games afterward, before the guests departed for their homes.

Those enjoying the hospitality of Mr. and Mrs. Ford and Helena and Ray Ford were Margaret Blake, Gertrude Kanayer, Mary and Cassie Pearson, Hattie Key, Emma Planchon, Ethel Brady and Mamie Stevens; Messrs. Ralph Chase, Ray Kanayer, Frank Blake and Humbert Planchon.

A Splendid Address

The Civics Club met Saturday afternoon at city hall. The only important business transacted was the election of a nominating committee to name next year's officers.

Mesdames Martha Marks, W. L. Grubb, E. M. Nealley, E. B. Norman and W. B. Tedford were named on the committee.

A report from the county convention of Orange County Federated Clubs held at Placentia, was given by Mrs. Mary E. Shaw, delegate from the Civics Club. Prof. J. A. Cranston talked on "Vocational Training," saying, "So often in the past have overanxious parents made the mistake of putting their child in some place not adapted to his or her taste or ability, hence so many misfits in life." Prof. Cranston made an interesting comparison of past and present ways of teaching, a topic of interest. The speaker gave it as his opinion that it is strongly advisable to begin with the Seventh grade pupil and help him to find himself. He said that with the aid of parent and teacher a "Life motive" for a pupil can be made a success. The very young can be given ideals and then their talents can be developed. He declared that there is no use of trying to educate a boy of a mechanical turn of mind to be a lawyer or minister, etc. Ninety-five per cent of business men fail where only five per cent succeed, because of no special business training in their youth.

This year in the Poly High, said Prof. Cranston, there are twelve lines of work where there were only three used last year. So there is no excuse for pupils who have ambition to leave school unfit to take some worthy place in the world. "The three Virtues," said Prof. Cranston, "are punctuality, obedience and respect or courtesy." He touched upon the three, saying it is deplorable how little thought is given to these subjects.

As the attendance at the club was small, the speaker said: "I might have had a larger audience but a no better one, for those here have asked questions and we have had a practical parent and teacher talk."

It is greatly regretted by the Civics Club that the many mothers who need such help do not attend such meetings. The men also are always welcome to these meetings and it is hoped that more of them will attend this year and help make this the most helpful club of Santa Ana.

OFFICERS HAVE NO TRACE OF PARTIES WHO BORROW RIGS

Officers have not yet gotten any trace of the miscreants who are making a practice of borrowing rigs and using them for free "joy rides." Saturday night another vehicle, belonging to Alfred Menderscheid was taken. It was found by the officers late the same night. Yesterday a rig owned by Marselino Castro, an employe on the Culver ranch, was taken, but was recovered by the police.

No trouble is experienced by the officers in getting the rigs back, as invariably the offenders return the vehicles and leave them near the places from which they were taken. Sometimes the horses are tied and sometimes they are left loose.

LOCAL ELKS ENJOY GAMBOL AT EDDIE MAIER'S RANCHO

About fifty-three members of the local lodge of Elks went up to Eddie Maier's Rancho Las Delicias early yesterday morning to take part in the annual event held at the ranch. A special car, running on the regular schedule, was engaged by about thirty-three of the local Elks and left here about 5:45. Other members of the Santa Ana lodge went to the scene of festivities per automobile.

A first class outing was reported by all who attended. There were somewhere in the neighborhood of 1000 Elks in attendance at the Rancho. A baseball game, dinner and athletic sports were among the features of the day's entertainment, the proceeds of which went to charity.

SOCIALISTS PICNIC AT BIRCH PARK

Somewhere in the neighborhood of 250 Socialists of Orange county held an all-day picnic at Birch Park yesterday. The affair was a huge success from every standpoint. One of the big features of the day was a big picnic lunch to which all visitors to the park were made welcome, the Socialists in this way living up to their name.

Speeches were made by Fred C. Wheeler, Socialist councilman of Los Angeles, and Bruce Anson, of Garden Grove.

$150,000,000 LOST BY LIVE STOCK MALADIES

WASHINGTON, May 4.—The enormous sum of $150,000,000 was the aggregate loss sustained by the United States in meat animals as the results of diseases and exposure in 1913, according to estimates announced by the Department of Agriculture. Losses from disease of cattle, hogs and sheep were about $122,000,000, losses from exposure of cattle and sheep about $28,000,000. The loss in meat, it is declared, would have been more than sufficient to furnish a normal year's supply of meat to the entire population of the New England states.

From the Los Angeles Financial News

Opening Great Copper Plant

At Chuquicamata, Chili, the Guggenheims will work what is said to be the greatest copper property in the world, production from which will begin on March 1, 1915. Speaking of what is being done there and what the ore deposits are, Daniel Guggenheim is quoted as saying.

"Chuquicamata's deposits are estimated at 200,000,000 tons of ore, to mine which 200,000,000 cubic yards of earth must be removed, or 5,000,000 more than were removed in cutting the Panama Canal. Tremendous as is the amount of ore developed, the company's engineers say that only the minimum is known, and no one can make any calculation as to the maximum amount of ore which may be extracted. For more than a year a demonstration plant has been operating and it is found that 90 per cent of copper can be extracted from the ores by means of sulphuric acid obtained from the ores itself.

"The plant now being erected on the property has a capacity of 10,000 tons of ore a day and will produce 120,000,000 pounds of copper per annum. Later an additional 10,000-ton plant will be added, so that before July 1, 1914, Chuquicamata should be producing at the rate of more than 240,000,000 pounds a year. The company is building a power plant at Pocopilla on the coast of Chili, where 53,000 horsepower will be developed by means of an oil steam plant and transmitted 89 miles to the mining site in the mountain. The plant will cost $3,500,000 and the first contract for oil covering a period of years will amount to $10,000,000. Some of the steam shovels and other equipment from the Panama Canal will be used in building a model city in the mountain desert 9500 feet above the sea level."

Motor Cars in California

Receipts by the State through the licensing of auto cars thus far since the law became effective is $1,100,000. When the registration is complete the number of automobiles will exceed 95,000, which places California second in rank among the States in the number of autos, New York ranking first with 122,411. In motorcycles in the State the number licensed is 17,395 and the number of chauffeurs licensed is 12,853. Nevada has the smallest number of automobiles, 1131; then comes Wyoming with 1584 and New Mexico with 1721. The total number registered in the United States is 1,253,875, a gain of 243,392 over 1913.

Some Facts About Sugar

Of the 1,081,000 tons of sugar produced in the United States in the year 1913, the beet sugar produced was 727,000 short tons, more than two-thirds of the entire crop. Nine hundred thousand acres were planted to cane, while the acreage to beets was 577,000 acres. Of the beet sugar produced, more than one-third was produced in California and Colorado. Eight billion pounds of sugar will be consumed during the fiscal year 1913-14, more than three times the consumption during the years 1881-85. Last week the price of refined cane sugar in New York reached the lowest point ever recorded, the quotation being 3.67½ cents net per pound.

Suits Against Long Beach

On May 23 the statute of limitations will apply to prevent the filing of damage suits against the City of Long Beach growing out of the Empire Day disaster, in which forty persons were killed and 300 injured. Thus far 96 cases have been filed, the claims aggregating practically $2,000,000.

Bank Applies for Charter

The Marine Commercial and Savings Bank of Long Beach has applied to the State Banking Department for a certificate authorizing it to operate a commercial and savings bank at Long Beach.

Why Demand for Fuel Oil

The reason why the enormous demand for fuel oil, which will continue to increase, is shown by figures given out by the British Admiralty, which show that of the vessels built or building, dependent upon oil solely as a fuel, include five battleships of the "Queen Elizabeth" class, also the battle-cruiser "Tiger," 18 light cruisers, 109 destroyers and 36 torpedo boats. The vessels fitted to use oil as an auxiliary total 43 battleships, 17 battle-cruisers, 22 light cruisers and several smaller boats partly fitted.

Refunding Notes Authorized

The Railroad Commission has rendered a decision authorizing the Los Angeles and San Diego Beach Railway to issue refunding promissory notes in the sum of $15,000 bearing interest at the rate of 6 per cent, and a second promissory note in the sum of $19,000, bearing interest at the rate of 7 per cent, both due in four months. The notes are to be sold at their face value.

Half-Million Legacy Is Found

Checks made out by the late Dr. Louis Duhcing, professor of dermatology in the University of Pennsylvania, which were made payable to the university, but never cashed, having been left between the leaves of books and just found, will increase the legacy which he left the institution from $400,000 to $1,000,000. It is the largest gift ever made to the university.

Oiling Steel Highway

Travelers of the Salt Lake Railway will soon be able to ride over a dustless roadbed, the company having decided to oil the entire roadbed between Los Angeles and Salt Lake City. To accomplish this, 125,000 barrels of crude oil will be used and, as the price is 70 cents per barrel, the cost will amount to $87,500.

Standard Oil Pay Roll

At the El Segundo refinery of the Standard Oil Company the pay roll now amounts to $60,000 per month, while the output is 20,000 barrels per day. It is the intention to increase the production until 100,000 barrels per day is reached. This will give employment to 2500 men and make the monthly pay roll $200,000.

Wireless Record Broken

Communication by wireless telegraph has been had between Boston and a steamer off the coast of Japan, the Pacific Mail steamship Mongolia, a distance of 10,000 miles. This makes a new record for wireless.

Business Is Booming

One of the most optimistic views of general business conditions is that of Freight Traffic Manager G. W. Luce of the Southern Pacific Railroad, who was in Los Angeles this week. Said Mr. Luce:

"The volume of traffic, both freight and passenger, is decidedly heavier than it was a few weeks ago and there is a picking up of general business, which is most refreshing to witness, throughout the State and those States through which the Southern Pacific passes. The storm is over, the sun is out and everybody knows it and is getting to work to increase his business and to enter new fields. Men are like ants. The crops will be larger than ever before in this State. The deciduous fruits, including the cherries, apricots, peaches, pears, plums and grapes, promise a record-breaking yield. Cherries are starting to move now. There will be from 10 to 15 per cent more sugar beets than last year. Men must raise more to offset the tariff cut on sugar. The hay crop will be big. Between 5000 and 6000 carloads of delicious cantaloupes are ripening in Imperial Valley and shipments will begin May 1.

"In fact, the crops will be so great that we urge shippers to load cars to full capacity and to waste no time in loading and unloading, in order that there may be no car shortage this year. We have 1000 new refrigerator cars, costing about $1,400,000, and we will borrow some more in order to be ready for the crop movement in this territory. The dried fruit shipments will be very heavy. A big gain in cotton is certain in Imperial Valley and elsewhere. In fact, it is plain that the roads will have to hustle to handle the products."

Indebtedness of Nevada

In 1880 the total debt of Nevada at the close of the fiscal year, December 31, was $436,000; in 1890 it was $567,000; in 1912 it was $671,000, says a bulletin of the Department of Commerce. The population of the State was 62,000 in 1880, 43,000 in 1900 and 91,000 in 1912. In 1880 the per capita debt was $6.03; in 1890 it was $11.35; in 1900 it amounted to $15.17, but declined to $6.70 in 1912. In contrast with the State of Nevada we find that, taking the entire debt (less sinking fund assets) for the forty-eight States, the per capita debt, according to the latest report, is $3.52, or $3.18 less than the per capita debt of Nevada. Comparing the increase in the per capita debt of Nevada and the decrease for the forty-eight States for the thirty-year period, we find the ratio of increase for Nevada is just one-third the ratio of decrease for the forty-eight States, the $5.48 falling to $3.52 in the average for the forty-eight States, and $6.03 advanced to $6.70 in Nevada. At the present time about 0.1 per cent of the total population of the United States will be found in the State of Nevada, and 0.2 per cent of the total debt (less sinking fund assets) is attributed to that State.

Gold Deposits at Nome

The naming of Seward Peninsula, Alaska, in 1898, was a somewhat tardy recognition of the man who had negotiated, amid jeers and ridicule, the purchase of the great territory from Russia years before. Nevertheless, this small arm of Alaska has proved fully worthy of the name, and, while bonanza mining in the Nome region, which has produced over $50,000,000 of gold, or seven times what Secretary Seward paid for the whole of Alaska, is now mostly a matter of history, the region still contains large bodies of gold gravels, many of which can be profitably exploited. It is not unlikely, according to the United States Geological Survey, that in the future more gold will be won from these deposits than has been mined in the past. Furthermore, though less definite statement is possible concerning lode mining, it is declared by the survey that the field is well worthy of careful prospecting for gold vein deposits.

Mills Millions Divided

The net estate of the late Darius Ogden Mills, after deductions for expenses and commissions, amounts to $35,019,803. The death of Mr. Mills occurred at Millbrae, Cal., January 3, 1910. His public bequests were $500,000, viz: St. Luke's Hospital, San Francisco, $100,000; Metropolitan Museum of Art, $100,000; American Museum of Natural History, $100,000; Home for Incurables, $100,000; New York Botanical Gardens, $50,000; American Geographical Society, $25,000, and American National Red Cross, $25,000. The appraisement of the estate, which was made public in New York this week, showed personal estate $31,947,391; real estate, $4,280,000. The net estate is divided between his daughter, Mrs. Elizabeth Reid, widow of the late Whitelaw Reid of the New York Tribune, and Ogden Mills, the testator's son. Each will receive $17,509,901.

In Southern California

Present prices of cabbage are netting growers $15 per ton.

On the Nuevo ranch in the Lakeview-Hemet-Perris region 76,570 fruit trees have been planted.

More than one and a half million pounds of wool will be shipped from the McFarland-Delano district this year.

Three acres of date palms on the ranch of J. E. Brock near Heber in the Imperial Valley returned the owner $10,140.

Every indication is that the sugar beet crop in the region about Los Alamitos will be the largest this year ever grown there.

One thousand tons of apricots will be canned at the big Libby canneries at Selma this year. Heretofore only peaches have been canned.

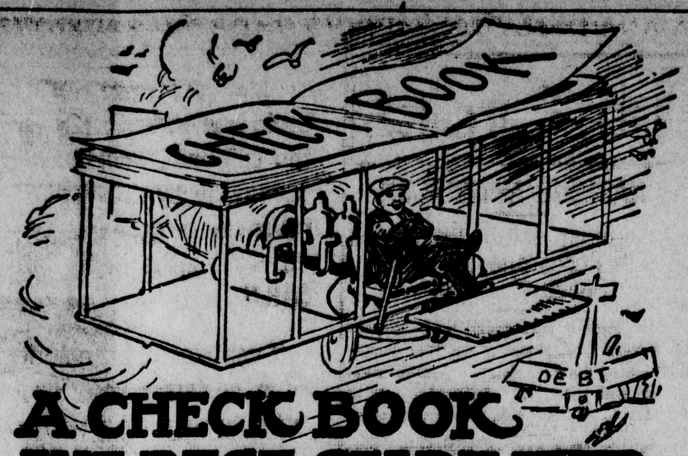

Commercial organizations in Ventura County are offering prizes to school children for the best story on the improvement of the lima bean.

New York Central Debt

During the past ten years the New York Central Railroad has increased its stock from $132,241,000 to $225,576,000; its bonded indebtedness from $200,122,200 to $346,711,000; has created a floating debt of $44,867,000 and in addition has outstanding equipment notes of $29,930,000. Notwithstanding all this it is paying the same dividend rate now as then, the dividend payments having increased from $6,612,000 to $11,243,000, while interest on bonded indebtedness has increased from $7,092,000 to $10,603,000. Terminal improvements in New York are responsible for the increase in debt.

Carrying Coals to New Castle

While the corn production of the United States is more than 70 per cent of the total production of the world, we are now importing corn from Argentine. In 1913 our importation of corn from the South American country exceeded five million bushels.

A CHECK BOOK THE BEST STABILIZER IN LIFE'S FLIGHT

YOU'VE read about Orville Wright's success with his aeroplane stabilizer, the balance wheel of flight. In life's flight you need several balance wheels. For instance, you need the balance wheels of honesty, of morality, of physical well being, of money. One might write a column about life's stabilizers. Instead we suggest that you THINK this sketch over.

A LITERARY WEST

Fresno Republican: The sale of the Sunset Magazine, just announced, by the Southern Pacific Railroad Company, to the former business manager of the publication, is promise of a new and wider and possibly much different sphere of influence for this best known of Pacific Coast monthlies. This is said with all due credit to the Southern Pacific, which has, in a business way, done much through the Sunset not only to advance its own business interests and the incidental advantages of the coast, but has unselfishly given opportunity to promote the general literary opportunities of the Pacific shore.

If, however, the new management of the Sunset will exhibit that rare combination—business acumen and artistic interest in the opportunity presented—the Sunset may with profit seize this time to lead forward in a new literary era for the West. With the holding of the Panama Pacific exposition, California can begin to throw off the last of its provincialism. Of course this does not mean that it will become like the east. It will merely cease, finally, to apologize for being the West. With the exposition we will have acquired a world poise, a knowledge that not only have we future opportunity but present attainment; in other language, that the rest of the country "has nothing on us." It is not enough to have this feeling expressed in personal ideals. It must be given literary expression, and we will look to the newer Sunset to furnish the expression.

In a literary way we have about drained the dregs of the past. What there was in the Spanish Missions has been fully brought out. Virtually nothing is left to us of those days except our system of geographical names. The best to be written about the pioneer days was contemporary, and with the loss of Bret Harte and Mark Twain and the first generation of their imitators, we can assume that the days of Forty-Nine make a classic. Few of the pioneers are left with us, and upon their money and their vigorous traditions their sons and daughters are building up a newer and let us hope as interesting and even more fruitful world for us to live in.

Expression was given to the days of the dons and the missions, the mines and the argonauts, the great areas of plains with waving grain and bands of cattle and wild horses, by the old Overland Monthly and a host of other publications that rose and fell, rose because of the enthusiasm born of Eastern education and Western opportunity, and fell because of lack of business sense enough to keep up with the times. Now in this newer California we will have a hard time keeping ahead of Eastern appreciation. New York publications are reaching out for the newer San Francisco, which is neither a Spanish village nor a mining camp; for Los Angeles which is not a pueblo but an American city by the western sea. The East appreciates these things and we ourselves should the more, because they are our own. Instead of thinking of ourselves as "pioneers," we must become all of us "native sons," whether by birth or adoption.

We now have the literary material available. Formerly there were the mountains, the plains and the sea, the ever blue sky and the perfume laden breeze. But now we have the loves and hates, the knowledge and the misunderstandings, the despairs and hopes of several million people, all Californians. We do not need distance to lend a charm to these things. A gala day in Fresno can as well give the color to a plot as the mad revel of Marseilles of a pulsing journey over the Rivera. This is the opportunity for the man who can make the Sunset grow with California.

CO-OPERATION

There ought to be close co-operation between every city and the outlying country. The centers of population of a county should contribute willingly for good schools and good roads for the country, and in this county the cities have always been to the front in this respect. People who live on the farms in this section have these and other essentials of modern civilization. The feeling of our ranchers toward the cities is praiseworthy. The nearby town is the sure and profitable market for the products of the farms. When farmers send money away to distant mail order houses, they strike a blow at the town that buys their own products. The distant mail order house never uses any of our ranchers' products.

AMBASSADOR HERRICK TO RUN FOR SENATOR

COLUMBUS, O., May 4.—Myron T. Herrick, ambassador to France and former governor of Ohio, is to seek the Republican nomination for United States senator to succeed Theodore Burton, according to announcement made here by his supporters.

Former Senator Joseph Benson Foraker, who already has his hat in the ring, refuses to comment on the situation, but political leaders say his prospects of securing the nomination have been given a rude jolt.

OUR WEEKLY SERMON

Preached by Rev. E. J. Inwood at First Methodist Episcopal Church, Sunday Morning, May 3, 1914, on "The Potter and the Clay."

"The Potter and the Clay"

In Isaiah 64:8 we read "We are the clary, Thou art our Potter, we are the work of Thy hand." The sacred writer, in these words, refers to an art most ancient and general. The potter's wheel is one of the oldest mechanical appliances in existence. I know of no illustration which could better set forth that entire surrender and complete submission to God which is both the highest privilege and duty of every follower of Jesus Christ. We are clay, God is the Potter. First notice the material mentioned, "clay." The first thought that suggests itself with reference to it is that it is very unpromising material. It has neither beauty, nor fragrance, nor symmetry. It does not even possess the quality of rarity, for it is one of the most common of substances. As we look at it we would never suppose it was designed for high or honorable uses. But the potter does not feel that way. He thinks of its possibilities. He sees beyond the cold, inanimate clay, devoid of all attractiveness, "a thing of beauty and a joy forever." What a striking simile of human nature! How unpromising man is before he is touched by the Great Potter! "Only an animal," some say; and there is so much that is earthly and sensual in us that no wonder men speak thus. But the Great Potter does not think so. He attaches to us the highest possible value. He looks at us, not in the light of what we are so much, as what we may be; not what others see in us, but what He can make of us. He saw the highest possibilities of saintship in Mary Magdelene, He saw a noble confessor in the thief on the cross, He saw the greatest missionary of the ages in a bloodthirsty Saul of Tarsus. He sees the same in the drunkard and outcast today. Men scorn them and condemn them as worthless, but Jesus Christ does not. A business man said to his friend: "Talk about saving men! As I walk the streets of Boston I do not see more than one man in ten worth saving." Jesus Christ never spoke thus. He admits men's guilt and depravity, but beyond it all He sees the great possibilities open to every soul, and He longs to make them all they may be. Is not that the precious truth of this message of today?

"There's a wideness in God's mercy
Like the wideness of the sea.
There is welcome for the sinner,
And more graces for the good,
There is mercy with the Savior,
There is healing in His blood."

A man said to his preacher, "I want you to explain to me the mystery of the choice of Judas. Why did Christ bear with Judas for three years?" And the preacher replied, "My friend, I haven't had any time to think about Judas, for I am overwhelmed with the mystery of Christ's choice for me, and why He bears with me. That is a greater mystery to me than His attitude toward Judas."

There is a deep mystery here, for if we had been dealing with any other but God we should have been cast off long ago.

What is the difference between a beautiful vase and a lump of clay? I answer it, it is not one of nature but of process. The vase is clay, but it is clay which has passed through a series of processes, and by them made all it is. Clay left to itself would never be anything but clay. The glory belongs to the process and potter. So every Christ-illumined, Christ-transformed, Christ-possessed saint was once a poor lost sinner. That was what led the apostle to say: "By the grace of God I am what I am."

Consider the process which thus transforms the clay. First, the potter must get possession of it. He can do nothing without this. His skill to transform. His beauty of design, all wait on his getting possession of the clay. So, all the blessedness of the cross to transform and save waits on us. Christ's saintly purpose and mighty power are as though they were not until He gets possession of us. Notice again, the potter chooses designs. He says what the clay shall become, whether large or small, useful or ornamental. So Christ must choose what we are to be. He knows best, and His designs are best.

Another feature of the process is its being submitted to the fire. After the vessel is made it is put into a hot furnace. I have read that the first firing for shape is for fifty hours, the second for glaze is for twenty-four hours, the third for color is for four hours. The clay goes into the fire as often as there are colors requiring different temperatures. The more beauty the more fire. Do you not see the application? Have we not here light upon these inexplicable and seemingly untoward providences of life? The prospective view is different from the retrospective. The vase looking back sees the purpose of the rough handling which shaped it, and the fierce fire which scorched it. So, by and by, we shall learn the meaning of loss, and pain and trial. "Then above the rest this note shall swell,
My Jesus hath done all things well."

17-YEAR-OLD BOY ON TRIAL FOR MURDER

HERKIMER, N. Y., May 4.—Jean Gianini, 17 years old, today went to trial on a charge of brutally attacking and then murdering Miss Lydia Beecher.

On the morning of March 28, last, searching parties found the body of the pretty Poland school teacher in a clump of bushes just off the roadway near her home. The body was badly mutilated and showed evidence of criminal attack. The police were certain that revenge was the motive. The afternoon of the finding of the body the Gianini boy was arrested. He stoutly maintained his innocence When strong circumstantial evidence confronted him, however, he calmly admitted the crime. He has never once expressed regret, nor does he appear to be in the least concerned over his position. His lawyers will plead insanity for their client.

FLESH OF ARM IS GRAFTED ON EYELID

BALTIMORE, Md., May 4.—A remarkable operation was performed here at the Presbyterian Eye, Ear and Throat Hospital, when three pieces of skin were taken from the arm of Miss Ruth Tregoe and grafted as lids for her left eye.

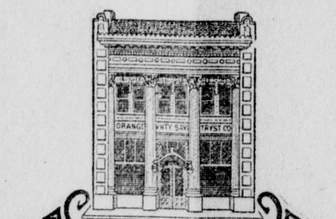

When fourteen years old she fell into an open fireplace and for the past thirty-six years she had been minus the lids, thus disfiguring her face.

The operation, it is believed, will be successful.

SOUTHERN 'MAMMY' SENDS CAROLINA HAM TO QUEEN

RALEIGH, N. C., May 4.—Ambassador Walter Page's North Carolina cook has been apprised of the receipt of a North Carolina ham by the Queen of England, sent to her majesty by the colored woman.

The negroes reared the pig and several weeks ago boxed the two hams and sent them to London.

POMONA REAPS GOLDEN HARVEST FROM ORANGES

POMONA, May 4.—With approximately a million and three quarters dollars' worth of oranges still on the trees in the districts known as the Pomona Valley, this section is still to reap a golden harvest under market conditions more favorable than at any time this year.

It is estimated that there are about 2000 carloads of fruit still to be shipped from this section and the value mentioned is based on what is considered a fair average price for this month.

ANSWER THE CALL

Santa Ana People Have Found That This is Necessary

A cold, a strain, a sudden wrench.
A little cause may hurt the kidneys.
Spells of backache often follow, or some irregularity of the urine.
A splendid remedy for such attacks, a medicine that has satisfied thousands, is Doan's Kidney Pills, a special kidney remedy.
Many Santa Ana people rely on it.
Here is Santa Ana proof.

S. H. Whitehead, 607 W. First St., Santa Ana, Cal., says: "For several years I had pain and weakness in my back. Lifting or the least exertion caused me to suffer. If I took cold, I was almost disabled by a distressing pain in my back. I had much trouble with the kidney secretions, too. Sometimes they passed too frequently, then again the flow was scanty and painful. I could see a change for the better after I had taken a few doses of Doan's Kidney Pills. It wasn't long before all the ailments were relieved. It has been a long time since I have had any further need of Doan's Kidney Pills. I am in good shape now and am just as strong a believer in Doan's Kidney Pills as I was when I publicly endorsed them several years ago."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Whitehead had. Foster-Milburn Co., Props., Buffalo, N. Y.

LONG AUTO TOUR STARTS AT COLORADO SPRINGS

COLORADO SPRINGS, Colo., May 4.—A score of automobiles were entered in the 2500-mile automobile tour through Colorado, Texas, New Mexico, Oklahoma and Kansas, which started today. The start was scheduled for daybreak, the machines to start from the Garden of the Gods at the foot of Pike's Peak. It is planned that the trip shall take three weeks.

The first week's run will be over the Panhandle division of theColorado to the Gulf Highway to Fort Worth and Dallas; the second taken up with the triangular run to Waco, Austin, San Antonio, Freeport, Galveston, Houston and return by the Gulf division of theColorado to the Gulf Highway; and the final week of the trip through Oklahoma by way of Oklahoma City and Guthrie to Wichita, Kansas, with return westward over the new Santa Fe trail to Pueblo and Colorado Springs.

TRADE CONVENTION TO BE HELD IN CAPITAL

WASHINGTON, May 4.—Considerable interest is manifested in the National Foreign Trade Convention to be held here May 27 and 28. The convention will include the American Manufacturers' Export Association, the Asiatic Society, and the Pan-American Society. President Wilson will be invited to speak. The general committee is headed by Lloyd C. Griscom of New York, and includes James A. Farrell, president of the United States Steel Corporation, and others.

WOMEN AS RECRUITERS FOR ARMY ARE WELCOMED

LONDON, May 4.—Although Great Britain is not yet ready to give women a voice in the government, the war office authorities are not at all backward in accepting their services in persuading young men to enlist in the regular army.

A novel recruiting campaign was begun today in the London borough of Camberwell in which 300 women and girls of that section are playing leading roles. They are distributing from house to house an attractively printed and illustrated pamphlet drawing attention to the delights of army life. There are 27,000 houses in the borough, and before the week is out it is planned to place a copy of the publication in the hands of every man in the place. Besides the women have agreed to do all they can in a personal way to procure enlistments. In order to stimulate the recruiting the war office has arranged for daily parades and drills of various branches of the service in the streets, and the display of the army moving picture film in the local picture palaces.

The Camberwell plan will be followed in other London boroughs and provincial towns if it proves a success there. The War Office has been frankly worried of late on account of the remarkable falling off of enlistments in recent months and the increasing number of desertions.

REV. FRED STAFF RESIGNS HIS POSITION

Ill Health Forces Devoted Minister to Give Up Pastorate Here

Rev. Fred Staff, pastor of the First Congregational church, has resigned his position owing to continued ill health. He presented his resignation yesterday immediately after communion in the morning service. The resignation is to take effect at once if his health will not permit him to remain longer, but otherwise Mr. Staff will stay until June in order to give the church time to secure another pastor.

The church will act on the resignation on Thursday evening at the prayer and business meeting. It will be with real sorrow that the church will accept Mr. Staff's resignation as he has endeared himself to the members of both church and congregation. He is a preacher of brilliant parts, deeply Christian and sincere in his religious life and of kindly and sympathetic nature.

Coming here almost a year ago from Grand Rapids, Wisconsin,, in rather a run-down physical condition which he hoped to improve in this genial climate, Rev. Mr. Staff has carried on his ministerial service under serious handicap of ill health. Intense in his devotion to his work he has worked beyond his strength. It is the hope of his church members that he may regain his health in the near future and be able to continue in the ministerial field.

Mrs. Kranky—"A friend of mine the other day was telling me how she used some kind of a soap in cool water and did all her washing so quickly. I say, 'What is done quickly is done slackly.'"

Anty Drudge—"Well, I know the kind of soap she was speaking about. It was Fels-Naptha Soap, and nothing that is done with Fels-Naptha Soap is done slackly. It does the best work I ever saw. I buy it by the box and use it all the time for everything."

No dirt is too hard for Fels-Naptha Soap to get rid of and you don't have to help it by hard rubbing or scrubbing, either. It works for you in cool or lukewarm water; makes clothes sweet, clean and white without boiling. It does all kinds of housework in half the time with less than half the bother. Freshens up everything it touches.

Buy it by the box or carton. Easy directions are on the Red and Green Wrapper.

CLUNE TAKES OVER BIG AUDITORIUM

Los Angeles' Most Beautiful Play House to Be Home of the "Movies"

Tonight will see the transformation of the Auditorium Theater to Clune's Auditorium Theater Beautiful, says the Los Angeles Examiner.

This noted house will henceforth be a moving picture theater, devoted to the best films that Mr. Clune can procure, presented with all the accessories, an orchestra and every detail that will add to comfort and enjoyment.

The interior is to be entirely redecorated with gold and green as the color scheme themes with the orchestra pit done in antique gold.

W. H. Clune, the projector of this imposing event in moving picture progress, has full confidence that this beautiful theater, provided with the startling attractions in film drama he has at his disposal, will prove equally profitable to him as a business undertaking and to the public in its generous proffering of unusually beautiful pictures and therein healthy entertainment.

The career of Mr. Clune has been one of effective advancement as a manager, until now he has the largest moving picture theater in the entire country. By the application of the same undeviating perception of the public's wishes he has used in the past to this greater undertaking, he will undoubtedly make this venture the success that it deserves.

OVER HALF MILLION ROAD MONEY PAID

Riverside Press: D. G. Mitchell, county treasurer of Riverside county, yesterday afternoon received from the First National bank of Riverside, $515,116, the sum representing the first installment of the sale of the Riverside county road bonds voted a few months ago.

It was learned from a reliable source this morning that the remaining bonds, $525,000 with the balance of the premium, $22,121.40, will be taken up by the bonding company represented by the First National Bank.

The payment of this money means that actual construction of the roads will start as soon as the engineers can get the data together to allow for the advertising of bids.

It is agreed that the resignation of County Engineer Pearson, which was presented to the board of county supervisors yesterday, means that he will be the chief engineer in the road construction work. The appointment has not as yet been made, but it is understood this action will be taken Monday morning when the county highway commission meets.

Four crews of engineers are already on the work. These will be kept busy and the work of getting data to provide the advertising of bids will be pushed.

The commission this morning refused to say what piece of work will be taken up first, but it is understood the main highway of travel will receive the attention of the commission first.

COURT HOUSE NEWS TODAY

Decision for Plaintiff in Land Case Locally Famous is Made by Judge Thomas

Judge Thomas handed down a decision in favor of the plaintiff, C. E. Gault, and against the defendants J. D. Wiens, et al., as prayed for in the plaintiff's complaint for the sum of $1500, together with interest thereon at the rate of ten per cent from December 10, 1908, in a case that involved three promissory notes of $500 each, which were made out to Henry J. Martens, who secured a loan of $16,000 from the bank of Topeka, Kans., and executed his promissory note therefor to the bank. He assigned and transferred the notes of the defendants to the bank with other notes aggregating $34,000 as collateral security. The bank renewed the notes for six months in June, 1909, but the note was never paid. The bank brought action against Martens on the note in the sum of $16,000 and secured judgment.

Martens was involved in suits at Anaheim brought as a result of his exchanging Kern county lands, to which he could not give deed, for Anaheim property.

IN THE JUSTICE COURT

DECIDED TO PLEAD GUILTY

R. C. Gonzales' Anaheim Friends Refused to Stick by Him

R. C. Gonzales was haled into court this morning by Motorcycle Officer Davenport. Davenport swore that Gonzales had gotten his (Davenport's) machine at Anaheim Saturday night and had put the motor in motion, thereby endangering the serviceability of the motorcycle. Gonzales maintained stoutly before Justice Cox that his name is not Gonzales but Raymond Miranda, and that he was not the man who had operated the motorcycle. Both Davenport and Ballard were equally certain that the man in court was the one they were after. Gonzales ruminated for awhile and then decided to plead not guilty.

"Twenty-five dollars' bail," said Justice Cox.

"I can't get twenty-five dollars unless I work for it first," said Gonzales.

"Take him over to the jail and let him telephone to his friends in Anaheim to see if he can raise the bail," said the justice.

Accordingly Gonzales was taken over to the bastile. In due course of time Gonzales' friends, one a Mexican and the other a white man, arrived. Their arrival immediately put a different complexion on the matter. They said without hesitation that Gonzales had gotten on the motorcycle and that he was drunk at the time. His friends having refused to stick by him Gonzales was brought into court later in the day. This time he pleaded guilty and the judge assessed him $10.

Without Tail Lights

J. W. Fuquay, of Cypress, Calif., pleaded guilty this morning to the charge of not carrying a tail light on his automobile, as did also Carl Adams. Both were fined five dollars by Justice Cox. Fuquay was brought in by Officer Davenport and Adams by Ballard.

AUTOMOBILE PARTY IS MAROONED BY SNOW

SAN BERNARDINO, May 4.—A San Bernardino party which left here two weeks ago to make the trip to Provo, Utah, by automobile, has been snowed in at Shelbourne, Nev., and it is uncertain when they will get out. GEN. SICKLES IS DEAD IN NEW YORK

NEW YORK, May 4.—Major General Daniel E. Sickles, ninety-four years old, died last night at his home, 23 Fifth avenue. He had been quite ill since March, when he suffered a hemorrhage. A week ago last Thursday there was another hemorrhage and the aged general was confined to his bed. Mrs. Sickles and son, George Stanton Sickles, moved into the house a week ago last Tuesday and while they are reticent it is understood that a complete reconciliation was effected.

Sunday morning there was a marked improvement in his condition but at 4 o'clock in the afternoon he began to sink. Three hours later it was apparent that death was near. The last rites of the Roman Catholic church had been administered on Saturday by the Rev. Father Avard of St. Joseph's church. He died at 9:10 o'clock.

Daniel Edgar Sickles, major general, retired, was the last of the great commanders of the civil war. He responded to Lincoln's first call for volunteers. He raised regiment after regiment. He led them into battle, always with consummate bravery and distinction. At the last he turned the tide at Gettysburg and earned a soldier's immortality.

Gettysburg Made His Famous

That terrific and glorious engagement crowned a long life filled with excitement, adventure and tragedy. From his youth up he was active and the changing years saw him engaging with the same enthusiasm in arms, diplomacy, politics and that intercourse with his fellows which is the privilege of a man who has seen much of life and got honor through merit.

$125,000 STEEL BRIDGE CARRIED AWAY BY FLOOD

BRIDGEPORT, Conn., May 4.—Three men are reported missing and three others are marooned in tree tops in the roaring current of the Canadian river here as a result of a flood yesterday which carried away the new $125,000 steel bridge of the Chicago, Rock Island & Pacific railroad. Heavy damage was caused in the river valley. The men were on the bridge when it went out.

Low lands are flooded and hundreds of families have abandoned their homes.

Child Cross? Feverish? Sick?

A cross, peevish, listless child, with coated tongue, pale, doesn't sleep; eats sometimes very little, then again ravenously; stomach sour; breath fetid; pains in stomach, with diarrhea; grinds teeth while asleep, and starts up with terror—all suggest a worm killer—something that expels worms, and almost every child has them. Kickapoo Worm Killer is needed. Get a box today. Start at once. You won't have to coax, as Kickapoo Worm Killer is a candy confection. CLUB FEDERATION ENDS CONVENTION

RIVERSIDE, May 4.—Confirmation of the committee nominations for officers for the ensuing year, the selection of San Francisco for the 1915 convention, the question of redistricting the state referred to the incoming executive board for the formulation of an entirely new plan to be presented for consideration next year, and the election of delegates to the biennial to be held in Chicago, were the net results of Saturday's strenuous closing session here of the thirteenth annual convention of the California Federation of Women's Clubs.

Delegates elected to the biennial convention at Chicago in June include Miss Jessica Lee Briggs, Mmes. Larkey, Ella Westland, Robert J. Burdette and George Butler.

NEW LOCATION IS SIGNED FOR

Taylor's Cash Store Goes to Opera House Block; Book Store Moves

Taylor's Cash Store has leased the store now occupied by the Santa Ana Book Store, and the Santa Ana Book Store will move into a part of the store room between the Farmers & Merchants' National Bank and Mateer's Drug Store.

Taylor Bros. came to Santa Ana about seven months ago and started a dry goods store on Main street opposite the Odd Fellows building. By clear-cut business methods, the firm's business has increased far beyond what the present quarters can accommodate comfortably. The lease on the Opera House corner has been signed up, and the change in location will probably take place within a month.

The Farmers & Merchants' National Bank will occupy half of the room adjoining it on the west. The book store has leased the west half of the room, and the upstairs. The picture molding department will be upstairs.

TO SELL GLOBES FOR LIGHTING OF STREETS

NEWPORT BEACH, May 4.—The new Brangan glass factory at West Newport is running at full capacity, with a pay roll of about $1500 a week. The plant cost $60,000, and makes a high grade of decorative glass lighting fixtures, cut-glass, street light globes, etc. The factory has just made a contract with the city of Newport to furnish all the globes for the new street lighting systems of that place.

GRANDMA USED SAGE TEA TO DARKEN HAIR

She Mixed Sulphur With it to Restore Color, Gloss, Thickness

Common garden sage brewed into a heavy tea with sulphur and alcohol added, will turn gray, streaked and faded hair beautifully dark and luxuriant, remove every bit of dandruff, stop scalp itching and falling hair Just a few applications will prove a revelation if your hair is fading, gray or dry, scraggly and thin. Mixing the Sage Tea and Sulphur recipe at home, though, is troublesome. An easier way is to get the ready-to-use tonic, costing about 50 cents a large bottle at drug stores, known as "Wyeth's Sage and Sulphur Hair Remedy" thus avoiding a lot of muss.

While wispy, gray, faded hair is not sinful, we all desire to retain our youthful appearance and attractiveness. By darkening your hair with Wyeth's Sage and Sulphur no one can tell, because it does it so naturally, so evenly. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning all gray hairs have disappeared, and, after another application or two, your hair becomes beautifully dark, glossy, soft and luxuriant.—Advertisement.

Store Room For Rent

We have leased the building now occupied by the Santa Ana Book Store and will move June 15. Our reason for change is to get more room for our rapidly growing business. We want a tenant for our present building and will give some one a big bargain in shelving and can also spare some counters and show cases as we have bought the shelving and fixtures at the book store. Only one-half block from Fourth and Main and a well lighted building ready for some one to move right in. Our reason for moving is that we must have more room. This is a good opportunity to get a fine location. Call and see us. And also remember that our shelves and tables are full of bargains in Dry Goods, Ladies' and Gents' Furnishings, Notions, Ready Made Dresses and Shoes for men, women and children.

IN ONE MINUTE! CLOGGED NOSTRILS OPEN—COLDS AND CATARRH VANISH

Stops Nasty Discharge, Clears Stuffed Head, Heals Inflamed Air Passages and You Breathe Freely

Try "Ely's Cream Balm."

Get a small bottle anyway, just to try it. Apply a little in the nostrils and instantly your clogged nose and stopped-up air passages of the head will open; you will breathe freely; dullness and headache disappear. By morning the catarrh, cold-in-head or catarrhal sore throat will be gone.

End such misery now! Get the small bottle of "Ely's Cream Balm" at any drug store. This sweet, fragrant balm dissolves by the heat of the nostrils; penetrates and heals the inflamed, swollen membrane which lines the nose, head and throat; clears the air passages; stops nasty discharges and a feeling of cleansing, soothing relief comes immediately.

Don't lay awake tonight struggling for breath, with head stuffed; nostrils closed, hawking and blowing. Catarrh or a cold, with its running nose, foul mucous dropping into the throat, and raw dryness is distressing but truly needless.

Put your faith—just once—in "Ely's Cream Balm" and your cold or catarrh will surely disappear.—Advertisement.

DEVINE-WALTON NUPTIALS

Charming Santa Ana Girl Weds Prosperous Business Man of Orange

One of the prettiest of the early summer weddings was that of Miss Ethyl Walton, eldest daughter of Mr. and Mrs. J. W. Walton of West Pine street, and a very charming and accomplished young lady, and Mr. Thomas J. Devine, a prosperous young business man of Orange, which was solemnized Saturday afternoon at 2 o'clock at the residence of the bride's parents.

The house was very beautifully and artistically adorned for the happy occasion, many new and original ideas in decorations being put into effect. Pink and white roses and delicate green ferns were used in exuberant plenty throughout the entire house.

The bridal party stood under an arch of ferns and white roses from which was suspended a large wedding bell fashioned of the choicest of white roses and delicate ferns. The lines of the impressive wedding ceremony were pronounced by Rev. G. W. Riggs of Los Angeles. The bride was strikingly handsome in a costume of pale blue crepe de chine richly trimmed in fine white lace. She carried a bouquet of spicy white carnations tied with blue ribbon and was unattended. The groom wore the conventional black.

Beautiful gifts of cut glass, silverware and china were received. Following congratulations a three course luncheon was served in the dining room where pink and white roses and long sprays of daintily trailing ferns made a pleasing combination in table decorations.

The bride then donned a blue going away gown with accessories to match and the young couple motored to Balboa where they took a car for Los Angeles, from where they will visit other beach points. Of course the auto had been previously garnished with old shoes and appropriate signs.

Mr. and Mrs. Devine will be at home to their many friends at 402 Chapman street, Orange, after May 8th. The out of town guests were Mrs. C. R. Henderson of Bakersfield, Mr. W. B. Lockett of Villa Park, Mr. and Mrs. J. B. Lockett, Mr. and Mrs. R. L. Tedford, Miss Ruth Armstrong, Mr Will Armstrong, Mr. and Mrs. W. L. Walton, Mr. and Mrs. R. M. Walton, all of Old Newport, Mrs. Zetta Monroe and sons Joe and Otis, Mrs. Sarah Meadow, Mrs. M. E. Lockett and Miss Irene Ashley of Santa Ana.

Hostess to Sunday School Class

Mrs. Carl O. Mansur recently entertained her Sunday school class of the First Baptist church at 206 East Washington avenue. The spacious rooms were very prettily and simply decorated throughout the entire house. After games had been played, refreshments consisting of ice cream, cake and candy were served by the hostess. The members of the Sunday school class returned to their homes after an enjoyable evening with the pleasant invitation from their teacher and hostess: "Be sure and be at Sunday school on Sunday morning."

CONVENTION WAS FINE

Club Women of Santa Ana Are Enthusiastic Over Late Federation Meet

The Santa Ana clubwomen who attended the state convention of the Federation of Woman's Clubs held in Riverside last week, have returned home highly delighted with the convention, which was the largest and most successful ever held by the Federation. Delegates to the number of 383 were in attendance, and the convention worked harmoniously towards the object of achieving essentials and eliminating the little things that so often retard important matters.

Mrs. A. J. Lawton, president of Santa Ana Ebell, and president of the Southern District, returning last evening from Los Angeles where she spent the Sunday following the convention's close at Riverside, is enthusiastic over the convention. She said. "Not only was the convention well planned but it was united in its aims and action, dwelling on vital matters and the best way of achieving them. Enthusiasm and efficiency were marked characteristics of the clubwomen attending.

"Not only was the convention of the most admirable character, but the entertainment afforded by Riverside was the finest that has been given by any city where the Federation of Woman's Clubs has met. Every detail of hospitality was perfect, all of Riverside joining in making the social features of the convention most delightful.

"In addition to all the rest, Redlands, Colton and San Bernardino united in an interesting automobile ride for the hundred or more of the delegates who could remain over Saturday afternoon. During the ride the ladies stopped at the club house in each of the cities mentioned."

One of the pleasant social features in which Mrs. S. M. Davis of this city figured prominently was the "Down and Out" Club dinner enjoyed on Friday evening in the refectory of the Mission Inn at Riverside by ninety-one prominent clubwomen. Mrs. Davis, with Mrs. Ella Westland of Upland and Mrs. Andrew W. Francisco of Los Angeles, arranged the dinner and the toasts program for which Mrs. Russell J. Waters of Los Angeles was toastmistress. After the delightful dinner and its feast of 'reason and flow of soul," officers were chosen with Mrs. Davis being elected as treasurer of the club.

Woman's Club to Meet

The Woman's Club will meet tomorrow at 2:30 o'clock at the home of Mrs. B. Uttley, 423 East Pine street.

Answers to roll call will be on the subject of Household Economics, each member being asked to give a tried and favorite recipe. A short discussion on Household Economics will engage the members, followed by a Parliamentary drill conducted by Mrs. Martha Marks. A good attendance is desired.

CHARMING AFTERNOON

Vandermast Home Brightened With Roses and Ferns for Social Function

Mrs. Asa Vandermast was hostess at a very pretty party on last Saturday afternoon. The Vandermast home was prettily decorated with ferns and pink roses, the same color tints being introduced on the place cards. A four course collation was served by Misses Ruby Wright and Cynthia Schalekamp.

Thee invited guests were Mrs. Russell Scott, Mrs. E. S. Gilbert, Madame Gilbert, Mrs. P. L. Tople, Mrs. George Balderston, Mrs. Cora Cavins, Mrs. O. K. Forgy, Mrs. H. H. Reeves, Mrs. J. J. Van Wyk, Mrs. Walter Vandermast, Mrs. Murray Vandermast, Mrs. Walter Prince, Mrs. Henry Diers and Mrs. J. P. Hatzfeld; Misses Ruby Wright and Cynthia Schalekamp.

A Jolly Evening

A fine time was experienced on Friday night by those present at the D. E. Ford home on Edinger street, with Helena and Ray Ford as host and hostess.

The house was very attractively decorated with roses and myrtle. The same pretty arrangement of flowers was carried out in the different rooms of the house. The time was spent very enjoyably with music, games and readings. Delicious refreshments were served by Mrs. Ford and Helen with a few more jolly games afterward, before the guests departed for their homes.

Those enjoying the hospitality of Mr. and Mrs. Ford and Helena and Ray Ford were Margaret Blake, Gertrude Kanayer, Mary and Cassie Pearson, Hattie Key, Emma Planchon, Ethel Brady and Mamie Stevens; Messrs. Ralph Chase, Ray Kanayer, Frank Blake and Humbert Planchon.

A Splendid Address

The Civics Club met Saturday afternoon at city hall. The only important business transacted was the election of a nominating committee to name next year's officers.

Mesdames Martha Marks, W. L. Grubb, E. M. Nealley, E. B. Norman and W. B. Tedford were named on the committee.

A report from the county convention of Orange County Federated Clubs held at Placentia, was given by Mrs. Mary E. Shaw, delegate from the Civics Club. Prof. J. A. Cranston talked on "Vocational Training," saying, "So often in the past have overanxious parents made the mistake of putting their child in some place not adapted to his or her taste or ability, hence so many misfits in life." Prof. Cranston made an interesting comparison of past and present ways of teaching, a topic of interest. The speaker gave it as his opinion that it is strongly advisable to begin with the Seventh grade pupil and help him to find himself. He said that with the aid of parent and teacher a "Life motive" for a pupil can be made a success. The very young can be given ideals and then their talents can be developed. He declared that there is no use of trying to educate a boy of a mechanical turn of mind to be a lawyer or minister, etc. Ninety-five per cent of business men fail where only five per cent succeed, because of no special business training in their youth.

This year in the Poly High, said Prof. Cranston, there are twelve lines of work where there were only three used last year. So there is no excuse for pupils who have ambition to leave school unfit to take some worthy place in the world. "The three Virtues," said Prof. Cranston, "are punctuality, obedience and respect or courtesy." He touched upon the three, saying it is deplorable how little thought is given to these subjects.

As the attendance at the club was small, the speaker said: "I might have had a larger audience but a no better one, for those here have asked questions and we have had a practical parent and teacher talk."

It is greatly regretted by the Civics Club that the many mothers who need such help do not attend such meetings. The men also are always welcome to these meetings and it is hoped that more of them will attend this year and help make this the most helpful club of Santa Ana.

"Mr. Vandermast, you could have asked $18 for this suit and I would have been perfectly satisfied. I never saw as good quality, as well made suit for $15."

Such was the remark of a customer yesterday after buying Lot 5130—the blue serge suit at $15—upon which the Clothcraft organization devotes so much of its specialization.

On page 47 of this week's Saturday Evening Post you will find a full page "ad" explaining why they can give so much value at this price. See them in our east window.

OFFICERS HAVE NO TRACE OF PARTIES WHO BORROW RIGS

Officers have not yet gotten any trace of the miscreants who are making a practice of borrowing rigs and using them for free "joy rides." Saturday night another vehicle, belonging to Alfred Menderscheid was taken. It was found by the officers late the same night. Yesterday a rig owned by Marselino Castro, an employe on the Culver ranch, was taken, but was recovered by the police.

No trouble is experienced by the officers in getting the rigs back, as invariably the offenders return the vehicles and leave them near the places from which they were taken. Sometimes the horses are tied and sometimes they are left loose.

DETENTION HOME HEADS RESIGNED

The resignation of L. H. Hill and Mrs. Hill as superintendent and matron of the Detention Home was tendered at a meeting of the Juvenile Court Committee yesterday. The resignation is to take effect on July 1, Mr. and Mrs. Hill retiring to their East Seventeenth street orange and apricot ranch to take care of their fruit crops.

LOCAL ELKS ENJOY GAMBOL AT EDDIE MAIER'S RANCHO

About fifty-three members of the local lodge of Elks went up to Eddie Maier's Rancho Las Delicias early yesterday morning to take part in the annual event held at the ranch. A special car, running on the regular schedule, was engaged by about thirty-three of the local Elks and left here about 5:45. Other members of the Santa Ana lodge went to the scene of festivities per automobile.

A first class outing was reported by all who attended. There were somewhere in the neighborhood of 1000 Elks in attendance at the Rancho. A baseball game, dinner and athletic sports were among the features of the day's entertainment, the proceeds of which went to charity.

SOCIALISTS PICNIC AT BIRCH PARK

Somewhere in the neighborhood of 250 Socialists of Orange county held an all-day picnic at Birch Park yesterday. The affair was a huge success from every standpoint. $150,000,000 LOST BY LIVE STOCK MALADIES

WASHINGTON, May 4.—The enormous sum of $150,000,000 was the aggregate loss sustained by the United States in meat animals as the results of diseases and exposure in 1913, according to estimates announced by the Department of Agriculture. Losses from disease of cattle, hogs and sheep were about $122,000,000, losses from exposure of cattle and sheep about $28,000,000. The loss in meat, it is declared, would have been more than sufficient to furnish a normal year's supply of meat to the entire population of the New England states.

A Potpouri of News and Views

From the Los Angeles Financial News

Opening Great Copper Plant

At Chuquicamata, Chili, the Guggenheims will work what is said to be the greatest copper property in the world, production from which will begin on March 1, 1915. Speaking of what is being done there and what the ore deposits are, Daniel Guggenheim is quoted as saying.

"Chuquicamata's deposits are estimated at 200,000,000 tons of ore, to mine which 200,000,000 cubic yards of earth must be removed, or 5,000,000 more than were removed in cutting the Panama Canal. Tremendous as is the amount of ore developed, the company's engineers say that only the minimum is known, and no one can make any calculation as to the maximum amount of ore which may be extracted. For more than a year a demonstration plant has been operating and it is found that 90 per cent of copper can be extracted from the ores by means of sulphuric acid obtained from the ores itself.

"The plant now being erected on the property has a capacity of 10,000 tons of ore a day and will produce 120,000,000 pounds of copper per annum. Later an additional 10,000-ton plant will be added, so that before July 1, 1914, Chuquicamata should be producing at the rate of more than 240,000,000 pounds a year. The company is building a power plant at Pocopilla on the coast of Chili, where 53,000 horsepower will be developed by means of an oil steam plant and transmitted 89 miles to the mining site in the mountain. The plant will cost $3,500,000 and the first contract for oil covering a period of years will amount to $10,000,000. Some of the steam shovels and other equipment from the Panama Canal will be used in building a model city in the mountain desert 9500 feet above the sea level."

Motor Cars in California

Receipts by the State through the licensing of auto cars thus far since the law became effective is $1,100,000. When the registration is complete the number of automobiles will exceed 95,000, which places California second in rank among the States in the number of autos, New York ranking first with 122,411. In motorcycles in the State the number licensed is 17,395 and the number of chauffeurs licensed is 12,853. Nevada has the smallest number of automobiles, 1131; then comes Wyoming with 1584 and New Mexico with 1721. The total number registered in the United States is 1,253,875, a gain of 243,392 over 1913.

Some Facts About Sugar

Of the 1,081,000 tons of sugar produced in the United States in the year 1913, the beet sugar produced was 727,000 short tons, more than two-thirds of the entire crop. Nine hundred thousand acres were planted to cane, while the acreage to beets was 577,000 acres. Of the beet sugar produced, more than one-third was produced in California and Colorado. Eight billion pounds of sugar will be consumed during the fiscal year 1913-14, more than three times the consumption during the years 1881-85. Last week the price of refined cane sugar in New York reached the lowest point ever recorded, the quotation being 3.67½ cents net per pound.

Suits Against Long Beach

On May 23 the statute of limitations will apply to prevent the filing of damage suits against the City of Long Beach growing out of the Empire Day disaster, in which forty persons were killed and 300 injured. Thus far 96 cases have been filed, the claims aggregating practically $2,000,000.

Bank Applies for Charter

The Marine Commercial and Savings Bank of Long Beach has applied to the State Banking Department for a certificate authorizing it to operate a commercial and savings bank at Long Beach.

Why Demand for Fuel Oil

The reason why the enormous demand for fuel oil, which will continue to increase, is shown by figures given out by the British Admiralty, which show that of the vessels built or building, dependent upon oil solely as a fuel, include five battleships of the "Queen Elizabeth" class, also the battle-cruiser "Tiger," 18 light cruisers, 109 destroyers and 36 torpedo boats. The vessels fitted to use oil as an auxiliary total 43 battleships, 17 battle-cruisers, 22 light cruisers and several smaller boats partly fitted.

Refunding Notes Authorized

The Railroad Commission has rendered a decision authorizing the Los Angeles and San Diego Beach Railway to issue refunding promissory notes in the sum of $15,000 bearing interest at the rate of 6 per cent, and a second promissory note in the sum of $19,000, bearing interest at the rate of 7 per cent, both due in four months. The notes are to be sold at their face value.

Half-Million Legacy Is Found

Checks made out by the late Dr. Louis Duhcing, professor of dermatology in the University of Pennsylvania, which were made payable to the university, but never cashed, having been left between the leaves of books and just found, will increase the legacy which he left the institution from $400,000 to $1,000,000. It is the largest gift ever made to the university.

Oiling Steel Highway

Travelers of the Salt Lake Railway will soon be able to ride over a dustless roadbed, the company having decided to oil the entire roadbed between Los Angeles and Salt Lake City. To accomplish this, 125,000 barrels of crude oil will be used and, as the price is 70 cents per barrel, the cost will amount to $87,500.

Standard Oil Pay Roll

At the El Segundo refinery of the Standard Oil Company the pay roll now amounts to $60,000 per month, while the output is 20,000 barrels per day. It is the intention to increase the production until 100,000 barrels per day is reached. This will give employment to 2500 men and make the monthly pay roll $200,000.

Wireless Record Broken

Communication by wireless telegraph has been had between Boston and a steamer off the coast of Japan, the Pacific Mail steamship Mongolia, a distance of 10,000 miles. This makes a new record for wireless.

Business Is Booming

One of the most optimistic views of general business conditions is that of Freight Traffic Manager G. W. Luce of the Southern Pacific Railroad, who was in Los Angeles this week. Said Mr. Luce:

"The volume of traffic, both freight and passenger, is decidedly heavier than it was a few weeks ago and there is a picking up of general business, which is most refreshing to witness, throughout the State and those States through which the Southern Pacific passes. The storm is over, the sun is out and everybody knows it and is getting to work to increase his business and to enter new fields. Men are like ants. The crops will be larger than ever before in this State. The deciduous fruits, including the cherries, apricots, peaches, pears, plums and grapes, promise a record-breaking yield. Cherries are starting to move now. There will be from 10 to 15 per cent more sugar beets than last year. Men must raise more to offset the tariff cut on sugar. The hay crop will be big. Between 5000 and 6000 carloads of delicious cantaloupes are ripening in Imperial Valley and shipments will begin May 1.

"In fact, the crops will be so great that we urge shippers to load cars to full capacity and to waste no time in loading and unloading, in order that there may be no car shortage this year. We have 1000 new refrigerator cars, costing about $1,400,000, and we will borrow some more in order to be ready for the crop movement in this territory. The dried fruit shipments will be very heavy. A big gain in cotton is certain in Imperial Valley and elsewhere. In fact, it is plain that the roads will have to hustle to handle the products."

Indebtedness of Nevada

In 1880 the total debt of Nevada at the close of the fiscal year, December 31, was $436,000; in 1890 it was $567,000; in 1912 it was $671,000, says a bulletin of the Department of Commerce. The population of the State was 62,000 in 1880, 43,000 in 1900 and 91,000 in 1912. In 1880 the per capita debt was $6.03; in 1890 it was $11.35; in 1900 it amounted to $15.17, but declined to $6.70 in 1912. In contrast with the State of Nevada we find that, taking the entire debt (less sinking fund assets) for the forty-eight States, the per capita debt, according to the latest report, is $3.52, or $3.18 less than the per capita debt of Nevada. Comparing the increase in the per capita debt of Nevada and the decrease for the forty-eight States for the thirty-year period, we find the ratio of increase for Nevada is just one-third the ratio of decrease for the forty-eight States, the $5.48 falling to $3.52 in the average for the forty-eight States, and $6.03 advanced to $6.70 in Nevada. At the present time about 0.1 per cent of the total population of the United States will be found in the State of Nevada, and 0.2 per cent of the total debt (less sinking fund assets) is attributed to that State.

Gold Deposits at Nome

The naming of Seward Peninsula, Alaska, in 1898, was a somewhat tardy recognition of the man who had negotiated, amid jeers and ridicule, the purchase of the great territory from Russia years before. Nevertheless, this small arm of Alaska has proved fully worthy of the name, and, while bonanza mining in the Nome region, which has produced over $50,000,000 of gold, or seven times what Secretary Seward paid for the whole of Alaska, is now mostly a matter of history, the region still contains large bodies of gold gravels, many of which can be profitably exploited. It is not unlikely, according to the United States Geological Survey, that in the future more gold will be won from these deposits than has been mined in the past. Furthermore, though less definite statement is possible concerning lode mining, it is declared by the survey that the field is well worthy of careful prospecting for gold vein deposits.

Mills Millions Divided

The net estate of the late Darius Ogden Mills, after deductions for expenses and commissions, amounts to $35,019,803. The death of Mr. Mills occurred at Millbrae, Cal., January 3, 1910. His public bequests were $500,000, viz: St. Luke's Hospital, San Francisco, $100,000; Metropolitan Museum of Art, $100,000; American Museum of Natural History, $100,000; Home for Incurables, $100,000; New York Botanical Gardens, $50,000; American Geographical Society, $25,000, and American National Red Cross, $25,000. The appraisement of the estate, which was made public in New York this week, showed personal estate $31,947,391; real estate, $4,280,000. The net estate is divided between his daughter, Mrs. Elizabeth Reid, widow of the late Whitelaw Reid of the New York Tribune, and Ogden Mills, the testator's son. Each will receive $17,509,901.

In Southern California

Present prices of cabbage are netting growers $15 per ton.

On the Nuevo ranch in the Lakeview-Hemet-Perris region 76,570 fruit trees have been planted.

More than one and a half million pounds of wool will be shipped from the McFarland-Delano district this year.

Three acres of date palms on the ranch of J. E. Brock near Heber in the Imperial Valley returned the owner $10,140.

Every indication is that the sugar beet crop in the region about Los Alamitos will be the largest this year ever grown there.

One thousand tons of apricots will be canned at the big Libby canneries at Selma this year. Heretofore only peaches have been canned.

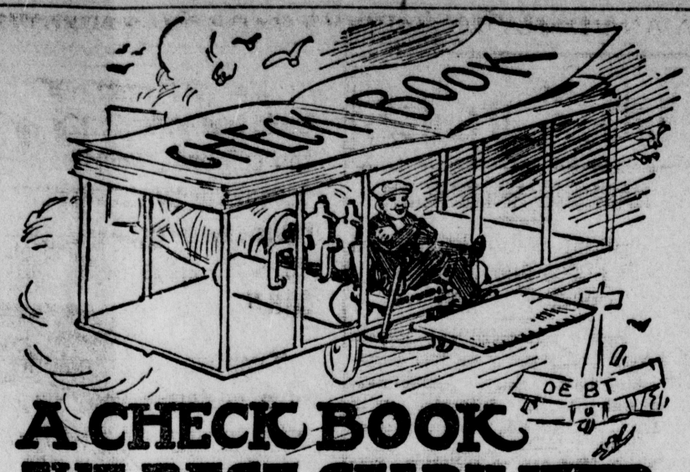

Commercial organizations in Ventura County are offering prizes to school children for the best story on the improvement of the lima bean.

New York Central Debt

During the past ten years the New York Central Railroad has increased its stock from $132,241,000 to $225,576,000; its bonded indebtedness from $200,122,200 to $346,711,000; has created a floating debt of $44,867,000 and in addition has outstanding equipment notes of $29,930,000. Notwithstanding all this it is paying the same dividend rate now as then, the dividend payments having increased from $6,612,000 to $11,243,000, while interest on bonded indebtedness has increased from $7,092,000 to $10,603,000. Terminal improvements in New York are responsible for the increase in debt.

Carrying Coals to New Castle

While the corn production of the United States is more than 70 per cent of the total production of the world, we are now importing corn from Argentine. In 1913 our importation of corn from the South American country exceeded five million bushels.

REV. FRED STAFF RESIGNS HIS POSITION

Ill Health Forces Devoted Minister to Give Up Pastorate Here

Rev. Fred Staff, pastor of the First Congregational church, has resigned his position owing to continued ill health. He presented his resignation yesterday immediately after communion in the morning service. The resignation is to take effect at once if his health will not permit him to remain longer, but otherwise Mr. Staff will stay until June in order to give the church time to secure another pastor.

The church will act on the resignation on Thursday evening at the prayer and business meeting. It will be with real sorrow that the church will accept Mr. Staff's resignation as he has endeared himself to the members of both church and congregation. He is a preacher of brilliant parts, deeply Christian and sincere in his religious life and of kindly and sympathetic nature.

Coming here almost a year ago from Grand Rapids, Wisconsin,, in rather a run-down physical condition which he hoped to improve in this genial climate, Rev. Mr. Staff has carried on his ministerial service under serious handicap of ill health. Intense in his devotion to his work he has worked beyond his strength. It is the hope of his church members that he may regain his health in the near future and be able to continue in the ministerial field.

Mrs. Kranky—"A friend of mine the other day was telling me how she used some kind of a soap in cool water and did all her washing so quickly. I say, 'What is done quickly is done slackly.'"

Anty Drudge—"Well, I know the kind of soap she was speaking about. It was Fels-Naptha Soap, and nothing that is done with Fels-Naptha Soap is done slackly. It does the best work I ever saw. I buy it by the box and use it all the time for everything."

No dirt is too hard for Fels-Naptha Soap to get rid of and you don't have to help it by hard rubbing or scrubbing, either. It works for you in cool or lukewarm water; makes clothes sweet, clean and white without boiling. It does all kinds of housework in half the time with less than half the bother. Freshens up everything it touches.

Buy it by the box or carton. Easy directions are on the Red and Green Wrapper.

CLUNE TAKES OVER BIG AUDITORIUM

Los Angeles' Most Beautiful Play House to Be Home of the "Movies"

Tonight will see the transformation of the Auditorium Theater to Clune's Auditorium Theater Beautiful, says the Los Angeles Examiner.

This noted house will henceforth be a moving picture theater, devoted to the best films that Mr. Clune can procure, presented with all the accessories, an orchestra and every detail that will add to comfort and enjoyment.

The interior is to be entirely redecorated with gold and green as the color scheme themes with the orchestra pit done in antique gold.

W. H. Clune, the projector of this imposing event in moving picture progress, has full confidence that this beautiful theater, provided with the startling attractions in film drama he has at his disposal, will prove equally profitable to him as a business undertaking and to the public in its generous proffering of unusually beautiful pictures and therein healthy entertainment.

The career of Mr. Clune has been one of effective advancement as a manager, until now he has the largest moving picture theater in the entire country. By the application of the same undeviating perception of the public's wishes he has used in the past to this greater undertaking, he will undoubtedly make this venture the success that it deserves.

OVER HALF MILLION ROAD MONEY PAID

Riverside Press: D. G. Mitchell, county treasurer of Riverside county, yesterday afternoon received from the First National bank of Riverside, $515,116, the sum representing the first installment of the sale of the Riverside county road bonds voted a few months ago.

It was learned from a reliable source this morning that the remaining bonds, $525,000 with the balance of the premium, $22,121.40, will be taken up by the bonding company represented by the First National Bank.

The payment of this money means that actual construction of the roads will start as soon as the engineers can get the data together to allow for the advertising of bids.

It is agreed that the resignation of County Engineer Pearson, which was presented to the board of county supervisors yesterday, means that he will be the chief engineer in the road construction work. The appointment has not as yet been made, but it is understood this action will be taken Monday morning when the county highway commission meets.

Four crews of engineers are already on the work. These will be kept busy and the work of getting data to provide the advertising of bids will be pushed.

The commission this morning refused to say what piece of work will be taken up first, but it is understood the main highway of travel will receive the attention of the commission first.

AT THE COURTHOUSE

COURT HOUSE NEWS TODAY

Decision for Plaintiff in Land Case Locally Famous is Made by Judge Thomas

Judge Thomas handed down a decision in favor of the plaintiff, C. E. Gault, and against the defendants J. D. Wiens, et al., as prayed for in the plaintiff's complaint for the sum of $1500, together with interest thereon at the rate of ten per cent from December 10, 1908, in a case that involved three promissory notes of $500 each, which were made out to Henry J. Martens, who secured a loan of $16,000 from the bank of Topeka, Kans., and executed his promissory note therefor to the bank. He assigned and transferred the notes of the defendants to the bank with other notes aggregating $34,000 as collateral security. The bank renewed the notes for six months in June, 1909, but the note was never paid. The bank brought action against Martens on the note in the sum of $16,000 and secured judgment.

Martens was involved in suits at Anaheim brought as a result of his exchanging Kern county lands, to which he could not give deed, for Anaheim property.

Inheritance Tax Receipt

A receipt for inheritance tax of $310 has been filed with the County Clerk by Charles L. Thomas, son of Josiah C. Thomas, who died September 5, 1913, leaving an estate valued at $33,000.

Filed Denial

F. E. Brooks has filed a denial that on April 1, 1914, he was driving an automobile on North Spadra, Fullerton, in a negligent manner, at great and unlawful speed. Brock also denies that he operated his automobile in a manner to collide with Ferdinand R. Bain to the damage of $428.40. Brock denies that he collided with Bain at all.

Damage Suit on Trial

The damage suit brought by M. Nasatir, acting as guardian for his son, who lost one of his hands as a result of tripping in such a manner as to fall against an automobile driven by William Cochems, is on trial this afternoon in Department 2 of the Superior Court. The case is being tried before Judge Thomas.

IN THE JUSTICE COURT

DECIDED TO PLEAD GUILTY

R. C. Gonzales' Anaheim Friends Refused to Stick by Him

R. C. Gonzales was haled into court this morning by Motorcycle Officer Davenport. Davenport swore that Gonzales had gotten his (Davenport's) machine at Anaheim Saturday night and had put the motor in motion, thereby endangering the serviceability of the motorcycle. Gonzales maintained stoutly before Justice Cox that his name is not Gonzales but Raymond Miranda, and that he was not the man who had operated the motorcycle. Both Davenport and Ballard were equally certain that the man in court was the one they were after. Gonzales ruminated for awhile and then decided to plead not guilty.

"Twenty-five dollars' bail," said Justice Cox.

"I can't get twenty-five dollars unless I work for it first," said Gonzales.

"Take him over to the jail and let him telephone to his friends in Anaheim to see if he can raise the bail," said the justice.

Accordingly Gonzales was taken over to the bastile. In due course of time Gonzales' friends, one a Mexican and the other a white man, arrived. Their arrival immediately put a different complexion on the matter. They said without hesitation that Gonzales had gotten on the motorcycle and that he was drunk at the time. His friends having refused to stick by him Gonzales was brought into court later in the day. This time he pleaded guilty and the judge assessed him $10.

Without Tail Lights

J. W. Fuquay, of Cypress, Calif., pleaded guilty this morning to the charge of not carrying a tail light on his automobile, as did also Carl Adams. Both were fined five dollars by Justice Cox. Fuquay was brought in by Officer Davenport and Adams by Ballard.

IN ONE MINUTE! CLOGGED NOSTRILS OPEN---COLDS AND CATARRH VANISH

Stops Nasty Discharge, Clears Stuffed Head, Heals Inflamed Air Passages and You Breathe Freely

Try "Ely's Cream Balm."

Get a small bottle anyway, just to try it. Apply a little in the nostrils and instantly your clogged nose and stopped-up air passages of the head will open; you will breathe freely; dullness and headache disappear. By morning the catarrh, cold-in-head or catarrhal sore throat will be gone.

End such misery now! Get the small bottle of "Ely's Cream Balm" at any drug store. This sweet, fragrant balm dissolves by the heat of the nostrils; penetrates and heals the inflamed, swollen membrane which lines the nose, head and throat; clears the air passages; stops nasty discharges and a feeling of cleansing, soothing relief comes immediately.

Don't lay awake tonight struggling for breath, with head stuffed; nostrils closed, hawking and blowing. Catarrh or a cold, with its running nose, foul mucous dropping into the throat, and raw dryness is distressing but truly needless.

Put your faith—just once—in "Ely's Cream Balm" and your cold or catarrh will surely disappear.—Advertisement.

AUTOMOBILE PARTY IS MAROONED BY SNOW

SAN BERNARDINO, May 4.—A San Bernardino party which left here two weeks ago to make the trip to Provo, Utah, by automobile, has been snowed in at Shelbourne, Nev., and it is uncertain when they will get out. In the party are Mr. and Mrs. C. A. More, Mr. and Mrs. George West and son and Mr. and Mrs. Brown and son. Shellbourne is in the mountainous district of Nevada, about two hundred and fifty miles west of Provo.

GEN. SICKLES IS DEAD IN NEW YORK

NEW YORK, May 4.—Major General Daniel E. Sickles, ninety-four years old, died last night at his home, 23 Fifth avenue. He had been quite ill since March, when he suffered a hemorrhage. A week ago last Thursday there was another hemorrhage and the aged general was confined to his bed. Mrs. Sickles and son, George Stanton Sickles, moved into the house a week ago last Tuesday and while they are reticent it is understood that a complete reconciliation was effected.

Sunday morning there was a marked improvement in his condition but at 4 o'clock in the afternoon he began to sink. Three hours later it was apparent that death was near. The last rites of the Roman Catholic church had been administered on Saturday by the Rev. Father Avard of St. Joseph's church. He died at 9:10 o'clock.

Daniel Edgar Sickles, major general, retired, was the last of the great commanders of the civil war. He responded to Lincoln's first call for volunteers. He raised regiment after regiment. He led them into battle, always with consummate bravery and distinction. At the last he turned the tide at Gettysburg and earned a soldier's immortality.

Gettysburg Made His Famous

That terrific and glorious engagement crowned a long life filled with excitement, adventure and tragedy. From his youth up he was active and the changing years saw him engaging with the same enthusiasm in arms, diplomacy, politics and that intercourse with his fellows which is the privilege of a man who has seen much of life and got honor through merit.

$125,000 STEEL BRIDGE CARRIED AWAY BY FLOOD

BRIDGEPORT, Conn., May 4.—Three men are reported missing and three others are marooned in tree tops in the roaring current of the Canadian river here as a result of a flood yesterday which carried away the new $125,000 steel bridge of the Chicago, Rock Island & Pacific railroad. Heavy damage was caused in the river valley. The men were on the bridge when it went out.

Low lands are flooded and hundreds of families have abandoned their homes.

Child Cross? Feverish? Sick?

A cross, peevish, listless child, with coated tongue, pale, doesn't sleep; eats sometimes very little, then again ravenously; stomach sour; breath fetid; pains in stomach, with diarrhea; grinds teeth while asleep, and starts up with terror—all suggest a worm killer—something that expels worms, and almost every child has them. Kickapoo Worm Killer is needed. Get a box today. Start at once. You won't have to coax, as Kickapoo Worm Killer is a candy confection. Expels the worms, the cause of your child's trouble. 25c, at your druggist.—Advertisement.

CLUB FEDERATION ENDS CONVENTION

RIVERSIDE, May 4.—Confirmation of the committee nominations for officers for the ensuing year, the selection of San Francisco for the 1915 convention, the question of redistricting the state referred to the incoming executive board for the formulation of an entirely new plan to be presented for consideration next year, and the election of delegates to the biennial to be held in Chicago, were the net results of Saturday's strenuous closing session here of the thirteenth annual convention of the California Federation of Women's Clubs.

Delegates elected to the biennial convention at Chicago in June include Miss Jessica Lee Briggs, Mmes. Larkey, Ella Westland, Robert J. Burdette and George Butler.

NEW LOCATION IS SIGNED FOR

Taylor's Cash Store Goes to Opera House Block; Book Store Moves

Taylor's Cash Store has leased the store now occupied by the Santa Ana Book Store, and the Santa Ana Book Store will move into a part of the store room between the Farmers & Merchants' National Bank and Mateer's Drug Store.

Taylor Bros. came to Santa Ana about seven months ago and started a dry goods store on Main street opposite the Odd Fellows building. By clear-cut business methods, the firm's business has increased far beyond what the present quarters can accommodate comfortably. The lease on the Opera House corner has been signed up, and the change in location will probably take place within a month.

The Farmers & Merchants' National Bank will occupy half of the room adjoining it on the west. The book store has leased the west half of the room, and the upstairs. The picture molding department will be upstairs.

TO SELL GLOBES FOR LIGHTING OF STREETS

NEWPORT BEACH, May 4.—The new Brangan glass factory at West Newport is running at full capacity, with a pay roll of about $1500 a week. The plant cost $60,000, and makes a high grade of decorative glass lighting fixtures, cut-glass, street light globes, etc. The factory has just made a contract with the city of Newport to furnish all the globes for the new street lighting systems of that place.

GRANDMA USED SAGE TEA TO DARKEN HAIR

She Mixed Sulphur With it to Restore Color, Gloss, Thickness

Common garden sage brewed into a heavy tea with sulphur and alcohol added, will turn gray, streaked and faded hair beautifully dark and luxuriant, remove every bit of dandruff, stop scalp itching and falling hair Just a few applications will prove a revelation if your hair is fading, gray or dry, scraggly and thin. Mixing the Sage Tea and Sulphur recipe at home, though, is troublesome. An easier way is to get the ready-to-use tonic, costing about 50 cents a large bottle at drug stores, known as "Wyeth's Sage and Sulphur Hair Remedy" thus avoiding a lot of muss.

While wispy, gray, faded hair is not sinful, we all desire to retain our youthful appearance and attractiveness. By darkening your hair with Wyeth's Sage and Sulphur no one can tell, because it does it so naturally, so evenly. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning all gray hairs have disappeared, and, after another application or two, your hair becomes beautifully dark, glossy, soft and luxuriant.—Advertisement.

Store Room For Rent

We have leased the building now occupied by the Santa Ana Book Store and will move June 15. Our reason for change is to get more room for our rapidly growing business. We want a tenant for our present building and will give some one a big bargain in shelving and can also spare some counters and show cases as we have bought the shelving and fixtures at the book store. Only one-half block from Fourth and Main and a well lighted building ready for some one to move right in. Our reason for moving is that we must have more room. This is a good opportunity to get a fine location. Call and see us. And also remember that our shelves and tables are full of bargains in Dry Goods, Ladies' and Gents' Furnishings, Notions, Ready Made Dresses and Shoes for men, women and children.
